Reading And Study Workbook Section 4 3

JG Myers

Reading And Study Workbook Section 4 3:

Literacy Instruction in the Content Areas Patricia L. Anders, Barbara J. Guzzetti, 2020-07-24 Like its predecessor Literacy Instruction in the Content Areas Second Edition is written for undergraduate graduate and in service teachers who want to integrate literacy processes into their content area instruction In addition to extensive updating of earlier material this new edition extends its coverage to include new chapters on adolescents out of school literacy experiences and their in school preferences digital resources for content learning and considerations for the reading specialist In doing so however the authors have tried to maintain the brevity stylistic clarity and classroom focus of the earlier volume Key features of this important new book include Teaching Flexibility Although written with the needs of pre service teachers in mind theory and research are treated in sufficient depth to make the book suitable for graduate courses and for teacher study groups It is also appropriate for secondary reading specialists or literacy coaches responsible for establishing or maintaining a school wide literacy program Changes in New Edition All chapters have been reorganized and most of the text rewritten In addition new chapters not usually included in content area reading texts were added These cover 1 adolescents out of school literacy experiences and in school preferences 2 digital resources for content learning and 3 considerations for the reading specialist Socio Cultural Perspective Like other volumes in the Literacy Teaching Series the perspective of this one is socio cultural and constructivist It recognizes that classroom teaching and learning are closely intertwined with surrounding school and community cultures as well as the culture and language of the subject being studied Likewise literacy is not simply a matter of reading and writing but involves using multiple literacies to negotiate and construct meaning Practical Orientation Although supporting theory and research are included in all chapters instructional strategies with illustrative examples from practicing teachers are included in most chapters Each chapter concludes with Application Activities and From Our Professional Library references
