Moore,2010-09-08 Award winning essayist Scott Russell Sanders once compared the art of essay writing to the pursuit of mental rabbits a rambling through thickets of thought in search of some brief glimmer of fuzzy truth While some people persist in the belief that essays are stuffy and antiquated the truth is that the personal essay is an ever changing creative medium that provides an ideal vehicle for satisfying the human urge to document truths as we experience them and share them with others to capture a bit of life on paper Crafting the Personal Essay is designed to help you explore the flexibility and power of the personal essay in your own writing This hands on creativity expanding guide will help you infuse your nonfiction with honesty personality and energy You ll discover An exploration of the basics of essay writing Ways to step back and scrutinize your experiences in order to separate out what may be fresh powerful surprising or fascinating to a reader How to move past private journaling and write for an audience How to write eight different types of essays including memoir travel humor and nature essays among others Instruction for revision and strategies for getting published Brimming with helpful examples exercises and sample essays this indispensable guide will help your personal essays transcend the merely private to become powerfully universal *Authentic Writing* Jeffrey Rice,2021-04-20 In typical academic circles texts must be critiqued mined for the obfuscated meanings they hide and shown to reveal larger broader meanings than what are initially evident To engage in this type of writing is to perform an authentic version of scholarship But what if a scholar chooses instead to write without critique What if they write about travelling their children food grocery shopping frozen garlic bread sandwiches condiments falafel yoga and moments that normally wouldn t be considered scholarly Can the writing still be scholarly Can scholarly writing be authentic if its topics comprise the everyday In *Authentic Writing* Jeff Rice uses this question to trace a position regarding critique the role of the scholar the role of the personal in scholarship the banal as subject matter and the idea of authenticity He explores authenticity as a writing issue a rhetorical issue a consumption issue a culture issue and an ideological issue Rather than arguing for a more authentic state or practice Rice examines the rhetorical features of authenticity in order to expand the focus of scholarship **Catalogue** State University of Iowa,1925 **Scenes of Shame** Joseph Adamson,Hilary Anne Clark,1999-01-01 Explores the role of shame as an important affect in the complex psychodynamics of literary and philosophical works Critical Expressivism Tara Roeder,Roseanne Gatto,2015-04-15 Critical Expressivism is an ambitious attempt to re appropriate intellectual territory that has more often been charted by its detractors than by its proponents Indeed as Peter Elbow observes in his contribution to this volume As far as I can tell the term expressivist was coined and used only by people who wanted a word for people they

disapproved of and wanted to discredit The editors and contributors to this collection invite readers to join them in a new conversation one informed by a belief that the term expressivism continues to have a vitally important function in our field
