ensuing maelstrom of violence and death is riveting and impossible to turn away from In *The Piranhas* Roberto Saviano imagines the lurid glamour of Nicolas's story with all the vividness and insight that made *Gomorrah* a worldwide sensation With the openhearted rashness that belongs to every true writer Saviano returns to tell the story of the fierce and grieving heart of Naples Elena Ferrante

**The Spaces and Places of Horror** Francesco Pascuzzi, Sandra Waters, 2020-01-16 This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings locations spaces and places be they physical imagined or altogether imaginary In *The Philosophy of Horror No 1* Carroll discusses the geography of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures this use of space is meant to trigger the audience's innate fear of the unknown This notion recalls Freud's theorization of the uncanny as it is centered on recognizable locations outside of the Lacanian symbolic order In some instances a location may act as one of the describing characteristics of evil itself In *A Nightmare on Elm Street* teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger's labyrinthine lair an inescapable boiler room that enhances Freddie's powers and makes him invincible In other scenarios the action may take place in a distant little known country to isolate characters Roth's *Hostel* films or as a way to mythicize the very origin of evil Bava's *Black Sunday* Finally anxieties related to the encroaching presence of technology in our lives may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places in Kurosawa's *Pulse* the internet acts as a gateway between the living and spirit worlds creating an oneiric realm where the living vanish and ghosts move to replace them This suggestive topic begs to be further investigated this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser known works for which this anthology represents the first piece of relevant scholarship

**Narcocapitalism** Laurent de Sutter, 2017-11-27 What do the invention of anaesthetics in the middle of the nineteenth century the Nazis use of cocaine and the development of Prozac have in common The answer is that they're all products of the same logic that defines our contemporary era the age

of anaesthesia Laurent de Sutter shows how large aspects of our lives are now characterised by the management of our emotions through drugs ranging from the everyday use of sleeping pills to hard narcotics Chemistry has become so much a part of us that we can't even see how much it has changed us In this era being a subject doesn't simply mean being subjected to powers that decide our lives it means that our very emotions have been outsourced to chemical stimulation Yet we don't understand why the drugs that we take are unable to free us from fatigue and depression and from the absence of desire that now characterizes our psychopolitical condition We have forgotten what it means to be excited because our only excitement has become drug induced We have to abandon the narcotic stimulation that we've come to rely on and find a way back to the collective excitement that is narcocapitalism's greatest fear

### **Italian Crime Fiction in the Era of the Anti-Mafia**

**Movement** William Farina, 2020-03-13 Over the last three decades Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity The origins of the New Italian Epic as it has been coined by some of its proponents can be found in the widespread backlash against the Mafia sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992 Though beginning in the Italian language this prolific popular movement has more recently found its way into the English language and hence it has found a much wider international audience Following a brief yet detailed history of the cultural and economic development of Sicily this book provides a multilayered look into the evolution of the New Italian Epic genre The works of ten prominent contemporary writers including Andrea Camilleri Michael Dibdin Elena Ferrante and Massimo Carlotto are examined against the backdrop of various historical periods This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti mafia Italian crime fiction

narrative practices that is alternative to and more positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s In its conclusions the book suggests that to meet the challenge of representation posed by terrorism fiction rather than fact is the writer's best friend and most effective tool
