Jenkins, Julie M. Krakora, Liza Peters, *The Living Word* helps youth ministers parish catechists and high school religion teachers to engage in a process of catechesis that finds its source in the liturgy. The sessions in this resource are designed to enhance the liturgical preparation, liturgical participation and liturgical living of teens through reflection on the Lectionary readings. This resource includes materials for each Sunday and Holyday of Obligation of the school year running from the Eighteenth Sunday in Ordinary Time through the Seventeenth Sunday of the following year. *From Page to Proclamation* Clare Schwantes, 2024-11-19 This pioneering work invites readers to embark on a transformative journey through the heart of liturgical worship and scriptural proclamation. It introduces a new tier to biblical hermeneutics exploring the ways in which the liturgical event and the ecclesial community color the interpretation of Scripture. Weaving together insights from Gadamer's philosophical hermeneutics with the rich tapestry of Catholic liturgy, the author proposes that the meaning of a proclaimed Scripture passage emerges not from an analysis of the text itself but in the vibrant interplay of multiple horizons. Bible Lectionary homilist and worshiper Through a lens of play and festival, the intricate relationship between tradition and contemporary worship is explored, showcasing how the sensory richness of the Catholic liturgy shapes the interpretation of Scripture. It challenges readers to view the Lectionary as a living text intimately connected to the worshiping assembly and the modern world. This thought-provoking work offers both theoretical insights and practical implications for scholars, clergy and worshipers alike. It inspires a fresh perspective that resonates with the contemporary Catholic experience, guiding worshipers toward a profound engagement with Scripture in the dynamic event of liturgical celebration. *Imperial Villages* Beat Kümin, 2019-05-07 Hundreds of rural communities tasted political freedom in the Holy Roman Empire. For shorter or longer periods, villagers managed local affairs without subjection to territorial overlords. In this first book-length study, Beat Kümin focuses on the five case studies of Gochsheim and Sennfeld in present-day Bavaria, Sulzbach and Soden, Hesse and Gersau, Switzerland. Adopting a comparative perspective across the late medieval and early modern periods, the analysis of multiple sources reveals distinct extents of rural self-government, the forging of communalized confessions and an enduring attachment to the empire. Negotiating inner tensions as well as mounting centralization pressures, Reichsdörfer provide privileged insights into rural micro-political cultures while their stories resonate with resurgent desires for greater local autonomy in Europe today. *Library of Congress Subject Headings* Library of Congress, Library of Congress. Religion and Memory in Tacitus' Annals Kelly E. Shannon-Henderson, 2018-12-12 Throughout his narrative of Julio Claudian Rome in the Annals Tacitus includes numerous references to the gods fate fortune astrology omens temples priests the emperor cult and other religious material Though scholars have long considered Tacitus' discussion of religion of minor importance this volume demonstrates the significance of such references to an understanding of the work as a whole by analyzing them using cultural memory theory which views religious ritual as a key component in any society's efforts to create a lived version of the past that helps define cultural identity in the present Tacitus who was not only an historian but also a member of Rome's quindecimviral priesthood shows a marked interest in even the most detailed rituals of Roman religious life yet his portrayal of religious material also suggests that the system is under threat with the advent of the principate Some traditional rituals are forgotten as the shape of the Roman state changes while simultaneously a new form of cultic commemoration develops as deceased emperors are deified and the living emperor and his family members are treated in increasingly worshipful ways by his subjects This study traces the deployment of religious material throughout Tacitus' narrative in order to show how he views the development of this cultic amnesia over time from the reign of the cryptic autocratic and oddly mystical Tiberius through Claudius' failed attempts at reviving tradition to the final sacrilegious disasters of the impious Nero As the first book length treatment of religion in the Annals it reveals how these references are a key vehicle for his assessment of the principate as a system of government the activities of individual emperors and their impact on Roman society and cultural identity
