Wenches, Wives and Widows JoAnn Riley McKey, 2009-05-01 Some women who lived on the Eastern Shore of Virginia were prone to bad behavior; others had bad things happen to them, but all of their stories are too good to leave buried in the old record books. Miss Monica's Pet Paula Andante, 2021-06-04 The Adventures of a Dominant Madam and Her Men. Most of my clients just want a young stud, but a select few are looking for a man who will submit. You've begun to doubt that there really are sexually dominant women. Well, I can assure you that such women do exist. They tend to be older, self-centered bitches. Many want revenge for the way their husbands and lovers have treated them; others simply want sex for their own enjoyment. They've been with men who had no regard for what they wanted in bed, and now they want to use men the way they feel they've been used. A dominant madam and the men she supplies to satisfy the lusts of wealthy women with a desire for control and vengeance over the opposite sex is the subject of this tale of female authority and the men who succumb to it. Sometimes permanently.

Marriage and Violence Frances E. Dolan, 2010-11-24 Marriage is often described as a melding of two people into one. But what or who must be lost, fragmented, or buried in that process? We have inherited a model of marriage so flawed. Frances E. Dolan contends that its logical consequence is conflict. Dolan ranges over sixteenth and seventeenth-century Puritan advice literature, sensational accounts of true crime, and late twentieth-century marriage manuals and films about battered women who kill their abusers. She reads the inevitable *Taming of the Shrew* against William Byrd's diary of life on his Virginia plantation, Noel Coward's *Private Lives*, and Barbara Ehrenreich's assessment in *Nickel and Dimed* of the relationship

between marriage and housework She traces the connections between Phillippa Gregory s best selling novel The Other Boleyn Girl and documents about Anne Boleyn s fatal marriage and her daughter Elizabeth I s much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition
