The Politics of Accountability in the Modern State Matthew Flinders, 2017-10-05 This title was first published in 2001 In this compelling work Matthew Flinders examines how far alternative forms of accountability have evolved and the extent to which they remedy the current shortcomings of the parliamentary system Adopting a pluralistic perspective this exploration of the accountability of the core executive is clearly grounded in research methodology thus ensuring the book makes a valid incisive contribution to the literature Features include A detailed study of the location of power and mechanisms of accountability in modern government which challenges the largely prosaic existing literature Useful summaries of the key tensions and trends within constitutional infrastructure A new and refreshing approach to the study of central government Insightful critiques of major governmental policies This intriguing volume will be of interest to undergraduates post graduates and lecturers for courses on legislative studies central government reform public administration British politics and research methods

Making Policy in Theory and Practice Bochel, Hugh, Duncan, Sue, 2007-10-17 This volume combines academic and practitioner perspectives to critically consider

contemporary policy making and highlight examples of good practice at all levels of government *After Adoption* Janette Logan, Carole Smith, 2013-01-11 Few children nowadays are placed for adoption with no form of contact planned with birth relatives and it has become common professional practice to advocate direct rather than indirect contact Practice has outstripped evidence in this respect and not enough is known about how contact arrangements actually work out particularly for older children adopted from state care Such children have often experienced neglect and sometimes abuse and have frequently been adopted without parental agreement Based on research with a large number of adoptive parents children and birth relatives *After Adoption* considers the impact of direct post adoption contact on all concerned in such cases It also discusses the development of adoption policy and law particularly with regard to the legal and social consequences reviews the research evidence on adopted children's contact with their birth families explores through interviews participants feelings about adoption and direct contact their relationships with each other what hinders and what helps *After Adoption* challenges readers to re think the relationship between adoption and the possibility of direct post adoption contact and at the same time provides a comprehensive understanding of adoption issues It is a timely and valuable addition to the literature on adoption making a substantial contribution to policy and practice

Keeping the Lights on Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2006-04-16 *Keeping the lights On* Nuclear renewables and climate change sixth report of session 2005 06 Vol 2 Oral and written Evidence

Insurmountable Risks Brice Smith, 2006 *The Dangers of Using Nuclear Power to Combat Global Climate Change* How much will nuclear energy cost relative to other means of getting rid of carbon dioxide emissions What will be the risks of catastrophic accidents if we build reactors at the rate of one a week or more cookie cutter style around the world What about the risks of proliferation and terrorist attacks and nuclear waste This is THE book providing a meticulously researched analysis of the risks of using nuclear energy to combat global warming Were there no alternative the severity of the threat facing humankind and other species from global climate change might warrant serious consideration of the risks of nuclear energy But as *Insurmountable Risks* convincingly shows there are far safer economical alternatives A perfect factia companion to the nuclear power debate at the heart of the 2008 Presidential campaign

Handbook of Transitions to Energy and Climate Security Robert Looney, 2016-11-25 An original contribution to our understanding of a phenomenon that is reshaping the world this title thoroughly discusses the transformation of the energy security policy arena brought on by two dramatic developments the increased potential availability of energy in many parts of the world on the supply side and on the demand side increasing concerns over the harmful effects on the environment brought on by the use of fossil fuels An in depth discussion specifically focuses on what energy security means to different countries and examines which of those countries appear to be managing their energy climate transitions successfully and which are having a more difficult time adapting to the new environment Part 1 introduces the topic covering the main themes and provides an overview of the chapters Part 2 provides a framework for

policy evaluation considering the evolving factors affecting energy security and the energy climate policy trilemma Parts 3 to 6 discuss energy transitions in the carbon producing countries Saudi Arabia Canada Iran Russia Mexico in intermediate carbon producing consuming countries China United States UK Brazil Argentina South Africa in carbon consuming countries Germany Japan South Korea Israel India Spain and finally in carbon reduction countries France Denmark Switzerland Part 7 looks at attempts at regional international cooperation Part 8 considers the prospects for the future examining technological breakthroughs This title builds on the theme of unfolding energy transformations driven by but increasingly constrained by climate environmental considerations It is ideal for researchers and students in the areas of environmental politics and policy climate change and energy and climate security as well as for academics and professionals

Administrative Justice in Context Michael Adler, 2010-04-30 This book comprises a definitive collection of papers on administrative justice written by a set of very distinguished contributors It is divided into five parts each of which contains articles on a particular aspect of administrative justice The first part deals with the impact of contextual changes on administrative justice and considers the implications of changes in governance and public administration management and service delivery information technology audit and accounting and human rights for administrative justice The second part deals with conceptual issues and describes a number of competing approaches to the administrative justice The third part deals with the application of administrative justice principles to private law disputes while the fourth part deals with the distinctive characteristics of administrative justice in three other jurisdictions The final part deals with current developments in administrative justice and the book concludes with a discussion of legislative and policy developments in the UK The general approach of the book is socio legal and interdisciplinary The chapters adopt a variety of disciplinary perspectives including those derived from political science public policy social policy accounting and information technology as well as from law Although most of the contributors are academics some are practitioners For these reasons the book should be of interest to lawyers particularly those with interests in administrative law and to social scientists particularly those with interests in public administration public policy and public management
