*100 Cases in Obstetrics and Gynaecology* Cecilia Bottomley, Janice Rymer, 2014-09-09 Making speedy and appropriate

clinical decisions is one of the most challenging parts of doctor training These true to life cases will teach students and junior doctors to recognize important obstetric and gynaecological conditions and to develop their diagnostic and management skills A succinct summary of the patient's history examination and initial investigations including photographs where relevant is followed by questions on the diagnosis and management of each case Each answer includes a detailed discussion of the topic with further illustration where appropriate providing an essential revision aid as well as a practical guide for students and junior doctors

Lessons from Medicolegal Cases in Obstetrics and Gynaecology Swati Jha, Eloise Power, 2022-05-12 Presents examples of successful and unsuccessful legal claims in obstetrics and gynaecology with best practice guidance to avoid litigation

Case Studies in Obstetrics and Gynecology Frederick Jackson Stoddard, 1964

Clinical Cases in Obstetrics, Gynaecology and Women's Health Caroline de Costa, Stephen Robson, Boon Lim, 2013 An updated edition for our popular Clinical Cases collection this book is aimed at medical students following the core curriculum in Australia and New Zealand and the United Kingdom junior doctors at resident or house officer level and general practitioners This handy lab coat pocket sized book broadly covers the whole syllabus for the medical student and the whole range of obstetric and gynaecological problems likely to come into the path of the busy junior hospital doctor or general practitioner but it is not a textbook providing simply a list of differential diagnoses and treatments The approach has been developed from the experienced authors teaching of problem based learning scenarios PBLs to clinical students PBLs introduce students to typical clinical situations and then encourage those students to think about how they would take appropriate histories examine investigate and finally treat their patients In this book by using case histories that are more developed and complex we aim to show readers in greater detail how women may present with particular conditions and demonstrate what should take place in the way of consultation investigations and treatment However by questioning our readers as we go along we also hope to encourage them to think about why they would choose a certain clinical course of action and to base their decisions firmly on current scientific evidence In addition to the purely clinical aspects of the cases the emotional social and psychological aspects of the care of each woman is described Each of the 50 case histories commences with a straightforward description following a woman through the clinical presentation of a particular condition Along the way important points in clinical examination and diagnosis complications investigations and management are incorporated into the text as a conversation with the reader and essential points are highlighted in boxes Being an Australian author team tips are included for those junior doctors faced with obstetric or gynaecological problems in a smaller metropolitan or rural setting facilities for care and the advice of senior practitioners may be more limited in such surroundings and different care paths may be more appropriate especially in remote parts of Australia An app with multiple choice questions is available through the App Store and Google Play Search DeCosta <http://www.slideshare.net/medicalmgh> decosta part 1 NEW Clinical Cases in Obstetrics Gynaecology and Women's Health 2e Sample from McGraw Hill Education ANZ Medical
