**Motivating Change: Sustainable Design and Behaviour in the Built Environment** Robert Crocker, Steffen Lehmann, 2013-07-24 Today's most pressing challenges require behaviour change at many levels from the city to the individual. This book focuses on the collective influences that can be seen to shape change. Exploring the underlying dimensions of behaviour change in terms of consumption, media, social innovation and urban systems, the essays in this book are from many disciplines including architecture, urban design, industrial design and engineering, sociology, psychology, cultural studies, waste management and public policy. Aimed especially at designers and architects, *Motivating Change* explores the diversity of current approaches to change and the multiple ways in which behaviour can be understood as an enactment of values and beliefs, standards and habitual practices in daily life and more broadly in the urban environment.

*Working with Students with Disabilities* Theresa A. Quigney, Jeannine R. Studer, 2016-01-22 Like no other book available, *Working with Students with Disabilities: A Guide for School Counselors* provides comprehensive coverage of school counselors' roles in special education and working with students with disabilities and connects that coverage to both the ASCA national model and CACREP standards. In *Working with Students with Disabilities*, school counselors will find thoughtful analyses of the legal and regulatory basis for many of the practices in special education, including an overview of pertinent laws including the Individuals with Disabilities Education Improvement Act and Section 504 of the Rehabilitation Act. They will gain an in-depth understanding of the leadership role that school counselors should play in supporting students, teachers and families, and they will also come away with an understanding of the common challenges like bullying, cyberbullying and successful transitioning from high school to adult life to which students with disabilities may be more vulnerable, as well as less common challenges such as behavioral difficulties, autism spectrum disorders and many more. **The Great Ormond**

**Researching Educational Governance: Realizing UN 2030 Agenda and Beyond** H.C. Pokhriyal, B.S. Nagi, M.C. Sati, Padmakar Mishra, R.P. Juyal and A.S. Khullar, 2023-01-01 Achieving the lofty Goal 4 of the UNSDGs which aims to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all will require the entire education system to be reconfigured a fact as aptly underlined in the National Education Policy 2020 of India This would essentially entail putting in place a very effective educational governance devised and formulated on the basis of cutting edge research outputs Three Volumes of the present book is a modest yet maiden attempt to comprehend and unfold the blending of diverse research methodologies and amply demonstrate through empirical findings that innovative policies and interventions curated on the basis of this approach of research can ensure quality education Governance emerges as one of the core areas for research Therefore Volume I provides a wide canvas of governance in general and educational governance in particular for research along with a unique opportunity to elaborate both the theory and practice of Quantitative Qualitative and Participatory Methodologies in researching governance that is the frontier challenge looking for suitable answers Volume II uniquely comprehends multiple

aspects of quality in dynamic and wider perspectives as perceived by the primary stakeholders including community. Refreshing insight into the quality perspectives of educational governance will facilitate the researchers to explore innovative interventions in respective areas of human development. Community is the third constituent of governance along with the state and the market. Therefore, Volume III explores a futuristic vision of community governance leading to quality education. Also, an attempt has been made to critically appraise the provisioning of community governance including the local self governments as well as free and compulsory elementary education. The Book is a live comprehension of the conceptual framework of research and methods along with handling of research problems at the ground. It is like explaining how to by giving suitable case studies conducted by the authors on educational governance. It is hoped that the three Volumes will be an exciting learning experience that would enable us to address researching challenges over which the public policy makers, researchers, development administrators, planners and students may build their concepts, logical structures and planned interventions facilitating the achievement of effective educational governance at micro level ensuring quality education in the coming decades.
