

Bedside Weatheradio®

12-260

WEATHER/SNOOZE — Press to start and stop the weather broadcast or to enable the alarm or snooze feature.

▲ and ▼ — Press to adjust the broadcast and alert volume, or to set the channel number, clock time, and alarm time values.

Step One

Mounting the Weatheradio®

You can place your Weatheradio® on a flat surface, such as a desk, shelf, or table, or mount it on the wall. To mount it on the wall, you need two screws (not supplied) with heads that fit into the keyhole slots on the bottom of the Weatheradio®.

1. Use a pencil to mark the mounting screw locations 3 1/8-inch (94mm) apart on the wall.
2. Drill a hole at each marked location. Thread a screw into each hole, making sure each screw's head extends about 1/4 inch (6.5mm) from the wall.
3. Align the keyhole slots on the bottom of the Weatheradio® with the screw heads, and slide the radio down to secure it.
4. Extend the antenna upward.

Step Two

Connecting Power

Your Weatheradio® uses the supplied 6V, 300 mA AC adapter for power. You can also install four AA batteries (not supplied) for backup power if AC power fails or is temporarily disconnected.

AC Power Connection

1. Insert the adapter's barrel plug into the Weatheradio®'s **DC 6V** jack.
2. Plug the other end of the adapter into a standard AC outlet.
3. Route the adapter's cord through the strain relief.

Installing Backup Batteries

1. Slide off the battery compartment cover to remove it.
2. Place four AA batteries in the compartment as indicated by the polarity symbols (+ and -) marked inside.
3. Replace the cover.

What's Included

- Weatheradio®
- Owner's Manual
- AC Adapter

The battery icon (▲▲▲) shows battery power. When all segments are lit, the batteries have full power. The number of lit segments decrease as battery power decreases.
