or by suicide onstage or off female actors in Shakespeare's works often find themselves playing dead. But what does it mean to play dead particularly for women actors whose bodies become scrutinized and anatomized by audiences and fellow actors who grossly gape on? In what ways does playing Shakespeare's women when they are dead emblemize the difficulties of playing them while they are still alive? Ultimately, what is at stake for the female actor who embodies Shakespeare's women today, dead or alive? Situated at the intersection of the creative and the critical, *Performing Shakespeare's Women Playing Dead* engages performance history, current scholarship, and the practical problems facing the female actor of Shakespeare's plays when it comes to playing dead on the contemporary stage and in a post-feminist world. This book explores the consequences of corpsing Shakespeare's women, considering important ethical questions that matter to practitioners, students, and critics of Shakespeare today. *Ottomiller's Index to Plays in Collections* Denise L. This textbook provides a global chronological mapping of significant areas of theatre sketched from its deepest history in the evolution of our brain's inner theatre to ancient, medieval, modern, and postmodern developments. It considers prehistoric cave art and built temples, African trance dances, ancient Egyptian and Middle Eastern ritual dramas, Greek and Roman theatres, Asian dance dramas, and puppetry, medieval European performances, global indigenous rituals, early modern to postmodern Euro-American developments, worldwide postcolonial theatres, and the hyper-theatricality of today's mass and social media. Timelines and numbered paragraphs form an overall outline with distilled details of what students can learn, encouraging further explorations online and in the library. Questions suggest how students might reflect on present parallels, making their own maps of global theatre histories regarding geo-political theatrics in the media, our performances in everyday life, and the
