November 2013 Paper 3 A Level Economics Zimsec

Howard Chitimira, Tapiwa Warikandwa

November 2013 Paper 3 A Level Economics Zimsec:

The Cost of Free Money Paola Subacchi, 2020-09-15 A penetrating account of how unchecked capital mobility is damaging international cooperation polarizing the economic landscape and ultimately reshaping the global order When it comes to the afflictions of the global economy almost everyone and especially Donald Trump is quick to point the finger of blame at the state of international trade But what about unconstrained capital flows Unfettered capital has resulted in a string of financial and economic crises that have left our political systems strained and dialogue corroded The once perceived benefits of openness have been cast to the wayside and the cracks in the global order can no longer be ignored Paola Subacchi argues that international cooperation and interdependence have become crippled Regional restrictions will soon strengthen and a multipolar order will take shape leading to a distinctly transformed economic landscape in which China challenges the dominance of the US dollar Combining history analysis and prediction this book provides penetrating insight into the challenges facing the international economic order

Bureaucracy, Law and Dystopia in the United Kingdom's Asylum System John R. Campbell, 2016-12-01 The central concern of this book is to find answers to fundamental questions about the British asylum system and how it operates Based on ethnographic research over a two year period the work follows and analyses numerous asylum appeals through the British courts It draws on myriad interviews with individuals and a thorough examination of many state and non state organizations to understand how the system works While the organization of the book reflects the formal asylum process a focus on specific legal appeals reveals the political factors at play as different institutions and actors seek to influence judicial decision making and overturn uphold official asylum policy The final chapter draws on the author's ethnographic findings of the UK's asylum field to re-examine research on the Refugee Determination System in the US Canada and Australia which has narrowly focused on judicial decision making It argues that analysis of Refugee Determination Systems must be situated and studied as part of a wider political semi-autonomous asylum field which needs to be better understood Providing an in-depth ethnographic study of a national asylum system and of immigration law and practice the book will be an invaluable resource for academics researchers and policy makers in the UK and beyond working in this highly topical area

The Oxford Handbook of Africa and Economics Célestin Monga, Justin Yifu Lin, 2015-07-02 For a long time economic research on Africa was not seen as a profitable venture intellectually or professionally few researchers in top ranked institutions around the world chose to become experts in the field This was understandable the reputation of Africa centered economic research was not enhanced by the well known limitations of economic data across the continent Moreover development economics itself was not always fashionable and the broader discipline of economics has had its ups and downs and has been undergoing a major identity crisis because it failed to predict the Great Recession Times have changed many leading researchers including a few Nobel laureates have taken the subject of Africa and economics seriously enough to devote their expertise and creativity to it They have been amply

rewarded the richness complexities and subtleties of African societies civilizations rationalities and ways of living have helped renew the humanities and the social sciences and economics in particular to the point that the continent has become the next major intellectual frontier to researchers from around the world In collecting some of the most authoritative statements about the science of economics and its concepts in the African context this handbook the first of two volumes opens up the diverse acuity of commentary on exciting topics and in the process challenges and stimulates the quest for knowledge Wide ranging in its scope themes language and approaches this volume explores examines and assesses economic thinking on Africa and Africa s contribution to the discipline The editors bring a set of powerful resources to this endeavor most notably a team of internationally renowned economists whose diverse viewpoints are complemented by the perspectives of philosophers political scientists and anthropologists
