*The New Records* ,1970      *Supreme Court Appellate Division-First Department* George Kidder Davis,      Emotions of a Book Guido Parisi,2016-11-29 The settings of the stories the facts described and the style of writing spring from the wealth of experience of a teacher and writer who has lived in many countries of the world The main purpose of *Emotions of a Book* is to analyse the relationship between the author depicted as an artist and a book presented as a living being gifted with its own personality This axiom can be extended to any other category of artist musician painter sculptor and so on in their interaction with their respective working tools or objects Guido asks if a book a musical instrument a paint brush has its own soul sensitivity the power to influence to shape another s will to make its own decisions Is it possible that these things these apparently inert objects can be supplied with an energy to give them their own life Indeed it is not only an artist who when face to face with his working tool engages in long dialogues with it as if it were a living thing This happens to anyone used to seeing or dealing with the same things every day a writing desk a hammer a spade or even a computer Is then the process of creativity conditioned by this interaction Each of us can give his own interpretation and answer Guido has tried to monitor step by step the inner drama of an author aware of his talent but incapable of expressing it for various reasons A few of these reasons are personal such as precarious health a lack of will and motivation and another is the fact that the invisible life blood of a blank book appears with an autonomous life It expresses its world and its long history with the same human feelings as any person but it also possesses a power which it uses to influence talented authors This book will appeal to those who enjoy reading about literature history and culture
