## **Robert Moses The Master Builder Of New York City:**

Robert Moses Pierre Christin, 2018-01-30 The achievements of one man changed the face of an entire city Robert Moses the mastermind of New York From the subway to the skyscraper from Manhattan s Financial District to the Long Island suburbs every inch of New York tells the story of this controversial urban planner s mind In paperback for the first time Pierre Christin and Olivier Balez s comic book takes on the infamous Power Broker and unlocks the historical battles that created the modern metropolis

**Robert Moses** Pierre Christin, Olivier Balez, 2014-11 Presents the life of the urban planner whose rise to power in mid twentieth century New York City gave him control over the constuction of highways bridges public buildings and housing projects and helped shape the infrastucture that exists today **Robert Moses** David E Edwards, 2024-02-05 Dive into the riveting narrative of Robert Moses the mastermind behind the transformation of New York City s skyline Unearth the complexities of his visionary urban planning his battles with political titans and the indelible mark he left on the city that never sleeps In this compelling biography witness the relentless ambition the triumphs and the controversies that shaped the legacy of a man who wielded power like no other Discover the captivating story of Robert Moses the enigmatic architect of modern New York

**The Struggle for Development and Democracy: A General Theory** Alessandro Olsaretti, 2023-03-13 In The Struggle for Development and Democracy Alessandro Olsaretti argues that we need significantly new theories of development and democracy to answer the problem posed by neoliberalism and the populist backlash namely uneven development and divisive politics heightened by the 9 11 attacks This volume proposes a general theory of development and democracy as part of a unified theory of power emphasizing that development needs markets civil society and the state and also the proper networks and interactions amongst markets civil society and the state Imperialism undermines these interactions and turns countries into providers of cheap land or labour This book begins to sketch the mechanisms at work and to answer one question how did imperialist elites build their power All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory

**Working-Class New York** Joshua B. Freeman, 2021-04-06 A lucid detailed and imaginative analysis The Nation of the model city that working class New Yorkers created after World War II and its tragic demise More than any other city in America New York in the years after the Second World War carved out an idealistic and equitable path to the future Largely through the efforts of its working class and the dynamic labor movement it built New York City became the envied model of liberal America and the scourge of conservatives everywhere cheap and easy to use mass transit work in small businesses and factories that had good wages and benefits affordable public housing and healthcare for all Working Class New York is an engrossing Dissent account of the birth of that ideal and the way it came crashing down In what Publishers Weekly calls absorbing and beautifully detailed history historian Joshua Freeman shows how the anticommunist purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists and how the fiscal crisis of the mid 1970s dealt another crushing blow to liberal

ideals as the city's wealthy elite made a frenzied grab for power A grand work of cultural and social history Working Class New York is a moving chronicle of a dream that died but may yet rise again [Yale Law Journal: Volume 124, Number 6 - April 2015](#) Yale Law Journal,2015-04-17 The contents of Yale Law Journal's April 2015 issue Volume 124 Number 6 include Article The Constitutional Duty To Supervise by Gillian E Metzger Article Architectural Exclusion Discrimination and Segregation Through Physical Design of the Built Environment by Sarah Schindler Feature Fifty Attorneys General and Fifty Approaches to the Duty To Defend by Neal Devins Saikrishna Bangalore Prakash Note Executive Orders in Court by Erica Newland Comment Stare Decisis and Secret Law On Precedent and Publication in the Foreign Intelligence Surveillance Court by Jack Boeglin Julius Taranto Quality ebook formatting includes fully linked footnotes and an active Table of Contents including linked Contents for all individual Articles Notes and Essays proper Bluebook formatting and active URLs in footnotes **Our Lady of the World's Fair** Ruth D. Nelson,2024-09-15 Our Lady of the World's Fair reveals the remarkable story of how two of New York's most influential leaders persuaded the Vatican to allow one of the world's greatest works of art to leave Europe for the first and only time Driven by different motives Robert Moses and Francis Cardinal Spellman had the same vision to display Michelangelo's masterpiece the Piet in the Vatican's pavilion at the 1964 World's Fair in New York City As Ruth D Nelson gracefully showcases Moses believed this blockbuster would guarantee the fair's financial success At the same time Spellman Cardinal of New York and the spiritual leader of Cold War America's Catholic community hoped that at a time of domestic strife and global conflict the Piet's presence would have a positive spiritual impact on the nation Although the fair did not turn out to be the financial bonanza that Moses expected the Piet drew record crowds of the faithful art lovers and the curious Nelson's fascinating uncovering of the intensive planning that went into designing the pavilion transporting the art piece across the Atlantic and coordinating Pope Paul VI's visit to New York in 1965 the first papal visit to the Western Hemisphere demonstrates the sheer scale and opportunity of the two men's endeavors Our Lady of the World's Fair depicts the skepticism and fierce criticism that faced the two New York power brokers Rather than letting the negative weigh them down they united and called on every resource at their disposal to make this unlikely cultural coup possible

*Wrestling with Moses* Anthony Flint,2011-02-08 The rivalry of Jane Jacobs and Robert Moses a struggle for the soul of a city is one of the most dramatic and consequential in modern American history To a young Jane Jacobs Greenwich Village with its winding cobblestone streets and diverse makeup was everything a city neighborhood should be But consummate power broker Robert Moses the father of many of New York's most monumental development projects thought neighborhoods like Greenwich Village were badly in need of urban renewal Standing up against government plans for the city Jacobs marshaled popular support and political power against Moses whether to block traffic through her beloved Washington Square Park or to prevent the construction of the Lower Manhattan Expressway an elevated superhighway that would have destroyed centuries old streetscapes and displaced thousands of families By confronting Moses and his vision

Jacobs forever changed the way Americans understood the city Her story reminds us of the power we have as individuals to confront and defy reckless authority

**Lewis Mumford, a Life** Donald L. Miller, 2002 Malcolm Cowley called Lewis Mumford the last of the great humanists and indeed in more than six decades of writing Mumford made contributions to history philosophy literature art architectural criticism and urban planning The author of some thirty books Mumford produced a body of work almost unequaled in the twentieth century for its range and richness A New York Times Notable Book Donald Miller's engagingly written biography reveals Mumford's full and fascinating life Based on ten years of research and unprecedented access to original and private papers Miller penetrates Mumford's reserved public persona and takes in the complete man his works as well as his days as he struggles to transform the world and his own life in decades marked by unparalleled change Miller is an excellent critical guide to Mumford's voluminous writing The New Yorker A gracefully written biography Francesca McKeon San Francisco Chronicle With this large large spirited life of Lewis Mumford Miller takes his place in the first rank of contemporary American biographers David McCullough

**Everything is Design: The Hidden Ethics of Our Objects and Public Spaces** Alan J. Reid, 2025-05-06 Ethics to put it concisely is mindful well being It is a set of standards that guides how we treat ourselves one another and the environment When we design things for public use we also communicate an ethical perspective When we use things designed for us we adopt their ethics This book synthesizes several different disciplines as they relate to design ethics and the built environment Our objects according to philosophers like Ihde Verbeek and Latour mediate our experiences with the world around us Through their designs and by extension our perceived affordances we largely comply with what our objects and spaces want us to do At the micro level the phones in our pockets command our attentive processes in order to feed an attention economy At the macro level urban planning and infrastructure can both promote inclusivity and foment violence We are deeply intertwined with the objects and spaces that have been designed for us Baked into every object process system and environment are the remnants of the designer's morals ethics values and biases Importantly this book seeks to cultivate mindfulness of the reader's interactions with their surrounding world providing them with a line of inquiry that questions areas of unethical design in their built environment and offers useful critiques and new solutions to these ethical dilemmas We often have the power to reject those things that are irresponsibly designed and unethical in nature and it is through this agency as users that we can demand better from designers developers and companies It is imperative to understand our mediated relationships with the built environment that surrounds us and the objects within it this can help explain our behaviors and empower us to make ethical decisions that serve future generations

**Sky-High** Eric P. Nash, 2023-06-27 Part architectural guidebook and part critique Sky High documents the pencil thin supertall towers that are transforming New York City's skyline as well as its streets New York City's penchant for building skyward has reached new heights with its crop of supertall towers those that rise at least 984 feet above the sidewalk The city that never sleeps is also the city that never stops building ever higher from the

Woolworth and Chrysler buildings of an earlier race to the top to today's super luxury aeries of 57th Street's Billionaires Row and the towers of the World Trade complex in Lower Manhattan Bruce Katz's extraordinary photographs capture a dozen of these self styled odes to wealth and power alongside Eric P Nash's incisive critique documenting the evolution of the skyline past and present and the supertalls transformative effects on the contemporary cityscape Among the twelve buildings featured are One World Trade Center Three World Trade Center 30 Hudson Yards 35 Hudson Yards One57 432 Park Avenue 53West53 Central Park Tower and One Vanderbilt

*The Encyclopedia of New York* The Editors of New York Magazine,2020-10-20 The must have guide to pop culture history and world changing ideas that started in New York City from the magazine at the center of it all Since its founding in 1624 New York City has been a place that creates things What began as a trading post for beaver pelts soon transformed into a hub of technological social and cultural innovation but beyond fostering literal inventions like the elevator inside Cooper Union in 1853 Q tips by Polish immigrant Leo Gerstenzang in 1923 General Tso's chicken reimaged for American tastes in the 1970s by one of its Hunanese creators the singles bar 1965 on the Upper East Side and Scrabble 1931 in Jackson Heights the city has given birth to or perfected idioms forms and ways of thinking that have changed the world from Abstract Expressionism to Broadway baseball to hip hop news blogs to neoconservatism to the concept of downtown Those creations and more are all collected in *The Encyclopedia of New York* an A to Z compendium of unexpected origin stories hidden histories and useful guides to the greatest city in the world compiled by the editors of New York Magazine a city invention itself since 1968 and featuring contributions from Rebecca Traister Jerry Saltz Frank Rich Jonathan Chait Rhonda Garelick Kathryn VanArendonk Christopher Bonanos and more Here you will find something fascinating and uniquely New York on every page a history of the city's skyline accompanied by a tour guide's list of the best things about every observation deck the development of positive thinking and punk music appreciations of seltzer and alternate side of the street parking the oddest object to be found at Ripley's Believe It or Not musical theater next to muckracking and mugging and the unbelievable revelation that English muffins were created on West Twentieth Street Whether you are a lifelong resident a curious newcomer or an armchair traveler this is the guidebook you'll need straight from the people who know New York best

*The Limitless City* Oliver Gillham,2002-03 One of the great debates of our time concerns the predominant form of land use in America today the all too familiar pattern of commercial and residential development known as sprawl But what do we really know about sprawl Do we know what it is Where did it come from Is it really so bad If so what are the alternatives Can anything be done to make it better *The Limitless City* offers an accessible examination of those and related questions Oliver Gillham an architect and planner with more than twenty five years of experience in the field considers the history and development of sprawl and examines current debates about the issue The book offers a comprehensive definition of sprawl in America traces the roots of sprawl and considers the factors that led to its preeminence as an urban and suburban form reviews both its negative impacts loss of open space increased pollution

gridlock as well as its positive aspects economic development personal freedom privacy considers responses to sprawl including smart growth urban growth boundaries regional planning and the New Urbanism looks at what can be done to improve and counterbalance sprawl The author argues that whether we like it or not sprawl is here to stay and only by understanding where it came from and why it developed will we be able to successfully address the problems it has created and is likely to create in the future The Limitless City is the first book to provide a realistic look at sprawl with a frank recognition of its status as the predominant urban form in America now and into the near future Rather than railing against it Gillham charts its probable future course while describing critical efforts that can be undertaken to improve the future of sprawl and our existing urban core areas

**Fresh Kills** Martin V. Melosi, 2020-01-28 Fresh Kills a monumental 2 200 acre site on Staten Island was once the world's largest landfill From 1948 to 2001 it was the main receptacle for New York City's refuse After the 9/11 attacks it reopened briefly to receive human remains and rubble from the destroyed Twin Towers turning a notorious disposal site into a cemetery Today a mammoth reclamation project is transforming the landfill site constructing an expansive park three times the size of Central Park Martin V Melosi provides a comprehensive chronicle of Fresh Kills that offers new insights into the growth and development of New York City and the relationship among consumption waste and disposal He traces the metamorphoses of the landscape following it from salt marsh to landfill to cemetery and looks ahead to the future park By centering the problem of solid waste disposal Melosi highlights the unwanted consequences of mass consumption He presents the Fresh Kills space as an embodiment of massive waste linking consumption to the continuing presence of its discards Melosi also uses the landfill as a lens for understanding Staten Island's history and its relationship with greater New York City The first book on the history of the iconic landfill Fresh Kills unites environmental political and cultural history to offer a reflection on material culture consumer practices and perceptions of value and worthlessness

**Defining Democracy** Daniel O. Prosterman, 2013-02-14 Defining Democracy reveals the history of a little known experiment in urban democracy begun in New York City during the Great Depression and abolished amid the early Cold War For a decade New Yorkers utilized a new voting system that produced the most diverse legislatures in the city's history and challenged the American two party structure Daniel O Prosterman examines struggles over electoral reform in New York City to clarify our understanding of democracy's evolution in the United States and the world

*We the People* Juan Williams, 2017-04-11 Prize winning journalist bestselling author and Fox political analyst Juan Williams takes readers into the life and work of a new generation of American Founders from Rev Billy Graham to Martin Luther King Jr who honor the original Founders vision even as they have quietly led revolutions in American politics immigration economics sexual behavior and reshaped the landscape of the nation What would the Founding Fathers think about America today Over 200 years ago the Founders broke away from the tyranny of the British Empire to build a nation based on the principles of freedom equal rights and opportunity for all men But life in the United States today is vastly different from anything the

original Founders could have imagined in the late 1700s The notion of an African American president of the United States or a woman such as Condoleezza Rice or Hillary Clinton as Secretary of State would have been unimaginable to the men who wrote the Declaration of Independence and the Constitution or who ratified the Constitution or the Bill of Rights Among the modern day pioneers Williams writes about in this compelling new book are the passionate conservative President Reagan the determined fighters for equal rights Thurgood Marshall and Martin Luther King Jr the profound imprint of Rev Billy Graham s evangelism on national politics the focus on global human rights advocated by First Lady Eleanor Roosevelt the leaders of the gay community who refused to back down during the Stonewall Riots and brought gay life into America s public square the re imagined role of women in contemporary life as shaped by Betty Friedan Williams reveals how each of these modern day founders has extended the Founding Fathers original vision and changed fundamental aspects of our country from immigration to the role of American labor in the economy from modern police strategies to the importance of religion in our political discourse America in the 21st Century remains rooted in the Great American experiment in democracy that began in 1776 For all the changes our economy and our cultural and demographic make up there remains a straight line from the first Founders original vision to the principles and ideals of today s courageous modern day pioneers

**Homeless** Ella Howard,2013-02-21 Homeless explores the efforts of private and public institutions to solve the problem of homelessness by tracing the rise and fall of skid rows in America through the lens of New York s Bowery Crowded onto skid rows the homeless lived apart from the middle classes who saw them as an aberrant population

**Theorizing Digital Cultures** Grant D. Bollmer,2018-09-03 The rapid development of digital technologies continues to have far reaching effects on our daily lives This book explains how digital media in providing the material and infrastructure for a host of practices and interactions affect identities bodies social relations artistic practices and the environment Theorizing Digital Cultures Shows students the importance of theory for understanding digital cultures and presents key theories in an easy to understand way Considers the key topics of cybernetics online identities aesthetics and ecologies Explores the power relations between individuals and groups that are produced by digital technologies Enhances understanding through applied examples including YouTube personalities Facebook s like button and holographic performers Clearly structured and written in an accessible style this is the book students need to get to grips with the key theoretical approaches in the field It is essential reading for students and researchers of digital culture and digital society throughout the social sciences

**Public Service Exemplars** J. Michael Martinez,2024-08-02 Understanding and encouraging the development of good leaders are so important that schools of business administration public administration public policy and organizational development teach courses in leadership Within the public administration literature scholars have discussed the value of studying outstanding individuals who have been uniquely effective in fulfilling their formal duties as well as ethical in leading their organizations Public Service Exemplars is the first book to highlight the decision making styles of American public servants who serve as

models of excellence in public service While the roles they held eras in which they served formal training for the job personalities and relative levels of fame differ widely the figures profiled in this book are united in their strong belief in the efficacy of government service and a willingness to employ innovative methods for accomplishing objectives Examining three theories of decision making by effective leaders autocratic leadership democratic leadership and delegative leadership this book explores the way that unelected leaders working within public agencies and in a couple of cases the US military reached decisions that are widely considered to be highly effective Profiling leaders as diverse as Robert Moses Frances Perkins James Webb Colin Powell and Anthony Fauci to name a few Public Service Exemplars questions whether great leadership truly is as it is often assumed an elusive almost indefinable quality Can it be taught Are effective leaders born made or a combination thereof This book will be of keen interest to both current and future public service leaders including students enrolled in public administration and nonprofit management courses

**The Encyclopedia of New York City**  
Kenneth T. Jackson, Lisa Keller, Nancy Flood, 2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis
