Manual William H. Glover, 2007-07 How do you fix your troubled adolescent? After years of working as an in-home therapist and probation officer, author William Glover grew frustrated with the conventional wisdom that said medication and/or therapy offered the only hope for angry, defiant, unmotivated ADHD/ADD, oppositional defiant, drug-involved, juvenile court-involved, and behaviorally handicapped kids. Based on his work with adolescents and their parents, he became convinced that the solution for the majority of troubled kids resided not with the professionals but with the parents of these children. With this as a starting point, Glover began developing *The Adolescent Owner's Manual*, a unique and effective resource designed to provide parents with the practical, common-sense tools and skills essential to parenting troubled adolescents. **Southern**

Back Roads M. Edward Warner, 2024 Eighteen-year-old Jack has never known a world without the ubiquitous Eyebits—devices worn over the eyes that allow one to be constantly connected to media and anyone else wearing the device. No one is ever without their Eyebit for long, and communicating face-to-face and engaging with the world unconnected are virtually unknown. When Jack's father becomes concerned that Jack is failing to grow up, he introduces Jack to his own father, Pops, who refuses to wear an Eyebit ever. The ensuing relationship between grandfather and grandson revolves around the restoration of an antique Ford Mustang, and it will change Jack's view of the world forever. This sci-fi tale of family dynamics should enthrall anyone who finds it hard to put down their smartphone. Laura K.
