## General information

### Introduction

The 1300 Series EDI is a family of engines which have an electronic management system. The engines are designed for industrial and agricultural applications from Perkins Engines Limited, a world leader in the design and manufacture of high-performance diesel engines.

Perkins approved assembly and quality standards, together with the latest technology, have been applied to the manufacture of your engine to give you reliable and economic power.

**Note:** To ensure that you use the relevant information for your specific engine type, refer to "Engine Identification" on page 8.

Danger is indicated in the text by two methods:

**Warning!** This indicates that there is a possible danger to the person.

**Caution:** This indicates that there is a possible danger to the engine.

**Note:** Is used where the information is important, but there is not a danger.
