Perplexing Creative Photography Of Ghostly Figures In The Smoke:

Perplexing Creative Photography of Ghostly Figures in the Smoke Grace Divine, 2014-12-01 When I was thirteen or so my father brought us to Orange County California I didn't speak English And where I lived then there was no ESL So I learned English watching the puppet TV program Sesame Street Years later when my father died we buried him at the Pacific View Cemetery It is a beautiful cemetery Today as I write these words my father and son and buried there One day I decided to visit I was at home In anticipation I lit some incense To my amazement what I felt as incredible wisps of smoke arose from the burning incense Inspired and curious I looked them And I thought I saw things in the smoke What is the nature of reality Is the apparently empty space around us just that empty space Of could it be that something or someone inhabits those places our eyes can't see In ancient times there were people who believed in the power of smoke for divination purposes Somehow they felt the smoke could take on the shape of things to come And even more some felt the smoke could be a means of communication used by those conscious things in other dimensions to communicate with use humans This constitutes an artistic and creative quandary I wonder if it is possible that something inhabits our world and that something somehow can be picked up in the shapes of smoke So I invite you to look at these pictures and use your creativity and imagination Allow your mind to wonder and fade into the possibilities of what could be And I ask you what do you see in these images Grace Divine
