

## My Mother Essay

Some people in our lives have the most impact on our personality. My mother has been the source of my happiness and clarity since I was very small. Words can't even begin to describe what she meant to me. When I was born, I couldn't speak, but she understood my every word and reacted accordingly. The most important person in my life is my mother because she has always been there for me in all my life ventures. She helped shape the man I am today.

I was a very spontaneous kid. My mother made sure that I knew that I had her full support in every phase of life. When I was 13 years old, I wanted to play the guitar and become a musician. No matter how unprofessional my dream was, she made sure that she was by my side. She was the first to lend me money when I started my start-up, and even though it failed, she never said one negative thing to me. And the best part is that she cares for everyone in our family with the same amount of love. When our dogs get sick, she spends hours looking after them and takes them to the vet whenever required.

My mother leads a very simple life. Her day starts with waking us up for breakfast, and she makes sure that our favorite things are made for breakfast. I enjoy chocolate syrup pancakes, so she makes sure to make them almost every day. Then she works in the garden for 2 hours. She loves looking after plants and growing them. I feel like the two hours in the garden are the best part of her day. Her caring attitude towards everything makes her the perfect person to look after our plants.

Other than gardening, she loves reading. We have our little library besides my room which is filled with books that my mom had bought. A library is a sacred place, and we aren't allowed there at times. She makes sure that our house is spot on. My mother is a neat freak. She hates when something is untidy or dirty. My mother often scolds me because I never put my laundry in the designated pile. She makes sure that our house is spot on, and the housekeeper leaves no work behind.

The amount of dedication my mother has towards my school is surprising. She always helps me in doing my homework and asks me how my day at school was. She has the sweetest personality, and anyone who meets her instantly starts liking her.

I would not give up my mother even for one day because my life would fall apart if not for her. She has made me into the confident and high-achieving individual that I am today. My life would have been a mess if my mother wasn't there to help me out in every step.
