**REFERRAL QUESTION:**

Jane was referred as practice for the examiner. Jane's mother is concerned about Jane's reading fluency and comprehension. Jane appears to experience difficulties in word decoding and completing vocabulary and comprehension tasks when they require her to read and respond to questions (versus orally presented tasks). Jane's mother believes the nature of the problem is minor and Jane's dislike of reading may have contributed.

**Interviews with :**

Cindy S., Jane's mother: 6/16/2011:

Cindy briefly talked about the family environment, stating that her and John are happily married and have a good relationship with both Jane and Grant (Jane's half brother). John has good employment which calls him to travel often, but Cindy describes a happy home situation even when one member is away. Cindy and John are in good health and very active in their children's lives and in their church. Cindy describes Jane as having good health with no major problems, illness, or accidents during her childhood. She describes Jane as very upbeat, eager to please, funny, and a very positive little girl. She talked about Jane's close group of friends and how they have nice neighbors (seven friends across the street for Jane to play with). Cindy doesn't believe that Jane exhibits emotional tension, fear, or a lack of confidence. Instead, she said Jane seems very comfortable in many situations, has an overall positive attitude and can express her feelings well. Cindy did mention that Jane has experienced bullying at her school. They have met with the bully and her family to discuss the problem, but things haven't really improved. Cindy doesn't notice any unusual behavior patterns in Jane. She describes Jane's development as average academically and above average emotionally.

Since beginning school, Jane has attended the same Christian private school. Cindy says that Jane always excelled at her subjects as seen through grades and teacher comments until she reached this year (third grade). Now, Jane has had difficulty with reading and she participates in a special reading group at school. She says that the teacher encourages Jane to "tackle" words (i.e. sounding them out loud), but that Jane struggles and is hesitant to try. It's been frustrating for Cindy when Jane now brings home vocabulary worksheets with a D or F because she can ask Jane those same vocabulary words and Jane knows the answer. Cindy has also watched TV news stories with Jane and Jane can comprehend the information
