Pathologies of Desire Gerald

Doherty, 2008 Discussions of the self in James Joyce's *A Portrait of the Artist as a Young Man* traditionally have a generic or a generalized quality the self is modernist or postmodernist essential or processive unified or fragmented etc Pathologies of Desire takes a different tack it shifts the ground of discussion locating the self in relation to particular dispositions or traits of the subject Stephen Dedalus More specifically it foregrounds three pathological states autoerotic paranoia and the shame guilt syndrome as primary modes of self aggregation the unique power of painful inner splits and divisions to precipitate self awareness and to make the self self reflexive As challenges to self understanding anxiety autoeroticism persecution paranoia and humiliation shame guilt are prime catalysts of those multi layered linguistic resources that fortify Stephen's self with the means of comprehending its own angst The fact that each particular self dissolves to make way for another underscores its purely contingent and transitional quality it functions as a defense against the singularity of the pain that it generates Stephen's ultimate prospect of creating new future selves is thus contingent on his power to liberate himself from the old ones oppressive conditioning

Eavesdropping in the Novel from Austen to Proust Ann Gaylin, 2003-01-16 Eavesdropping in the Novel from Austen to Proust investigates human curiosity and its representation in eavesdropping scenes in nineteenth century English and French novels Ann Gaylin argues that eavesdropping dramatizes a primal human urge to know and offers a paradigm of narrative transmission and reception of information among characters narrators and readers Gaylin sheds light on the social and psychological effects of the nineteenth century rise of information technology and accelerated flow of information as manifested in the anxieties about and delight in displays of private life and its secrets Analysing eavesdropping in Austen Balzac Collins Dickens and Proust Gaylin demonstrates the flexibility of the scene to produce narrative complication or resolution to foreground questions of gender and narrative agency to place the debates of privacy and publicity within the literal and metaphoric spaces of the nineteenth century novel This 2003 study will be of interest to scholars of nineteenth century English and European literature

Secrets, Gossip, and Gods Paul Christopher Johnson, 2002-08-15 In this wide ranging book Paul Christopher Johnson explores the changing hidden face of the Afro Brazilian indigenous religion of Candomblé Despite its importance in Brazilian society Candomblé has received far less attention than its sister religions Vodou and Santería Johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of Candomblé and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of Brazilian culture Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century His major focus is on the ritual practice of secrecy in Candomblé Like Vodou and Santería and the African Yoruba religion from which they are descended Candomblé features a hierarchic series of initiations with increasing access to secret knowledge at each level As Johnson shows the nature and uses of secrecy evolved with the religion First secrecy was essential to a society that had to remain hidden from authorities Later when Candomblé became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites Finally as Candomblé became a public religion and a vital part of Brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors It is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in Candomblé Offering many first hand accounts of the rites and rituals of contemporary Candomblé this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between

religion and society **Fleeing Homophobia** Thomas Spijkerboer, 2013-07-18 Each year thousands of lesbian gay bisexual transgender and intersex LGBTI asylum seekers apply for asylum in EU Member States This book considers the position of LGBTI asylum seekers in European asylum law Developing an encompassing approach to the topic the book identifies and analyzes the main legal issues arising in relation to LGBTI people seeking asylum including the underestimation of the relevance of criminalization of sexual orientation as well as the large scale violence against trans people in countries of origin by some European states the requirement to seek State protection against violence even when they originate from countries where sexual orientation or gender identity is criminalized or where the authorities are homophobic the particular hurdles faced during credibility assessment on account of persisting stereotypes and queer families and refugee law The book gives a state of the art overview of law in Europe both at the level of European legislation and at the level of Member State practice While being largely focused on Europe the book also takes into account asylum decisions from Australia New Zealand Canada and the United States and is of relevance internationally offering analysis of issues which are not specific to particular legal systems
