**The Secrets of the Silent Tide** Joseph C. Wilfred,2024-02-14 You can find Burry Inlet on the south coast of Wales It looks most beautiful from the water At least that s what Mr Morgan was thinking as he sat in the stern sheets of his boat with a fishing line in his hand and watched his son Phoenix drift slowly across the calm water In fact on this beautiful autumn evening the idea would have made a man less easily swayed by patriotism than Mr Maverick To make a large body of water the port opens up when the tide is high This body of water goes out into the land about ten miles to the east To the north is the county of Carmarthen and to the south is the Gower Peninsula Even though the beaches are flat there are round hills in the middle of the land that make the landscape look like it s rolling The gray and yellow sand dunes along the shore are very different from the green fields and forests further inland

**Legal Secrets** Kim Lane Scheppelle,1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say

about whether the psychiatrist should disclose to his patient's girlfriend that the patient wants to kill her Kim Lane Scheppelle answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppelle also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality
