

Study Guide

CHAPTER 1

Section 1: Population Dynamics (pages 10-107)

Key point textbooks read about population characteristics:

Characteristics of the world's population include more an increasing age percentage:

increasing percentage
population density

increasing dependence
on resources

increasing independent
migration

growing urban

Some older textbooks read that all populations have a tendency to be population density

(1) population density and (2) age structure. Population density is

the number of people per unit area. Age structure is the number of people in each age group. Population density is

the number of people per unit area. Age structure is the number of people in each age group. Population density is

the number of people per unit area. Age structure is the number of people in each age group. Population density is

Key point textbooks read about population characteristics:

Characteristics of the world's population include more an increasing age percentage:

Characteristics	Increasing Dependence	Increasing Independent
1. Increasing population density		
2. Increasing dependence on resources		
3. Increasing migration		
4. Increasing urbanization		
5. Increasing age structure		

Characteristics of the world's population include more an increasing age percentage:

1. Population density (population density is the number of people per unit area)

2. Age structure

3. Increasing independent (increasing independent migration)

4. Increasing urbanization

5. Increasing age structure (increasing age structure is the number of people in each age group)

6. Increasing population density

7. Increasing independent (increasing independent migration)
