Section 68 1 Of Service Tax:

A Study of Service Tax in India and its Analysis Dr. Makarand Raghunath Sakhalkar, 2018-03-05 Based on recommendations made by Chelliah Committee on Tax Reforms Service Tax was introduced for the first time in the year 1994. It is a Union levy with a selective approach whereby it is applicable to selected categories of services and not to all the services. The system of levy and collection of Excise Duties on goods is in existence since 1944 under Central Excise Act 1944. However, the concept of levy and collection of Service Tax on paid services was introduced in India for the first time in 1994 by the then Finance Minister Dr. Manmohan Singh. It is a tax levied on the transaction of certain specified services by the Central Government under the Finance Act 1994. It is an indirect tax which means that normally the service provider pays the tax and recovers the amount from the recipient of taxable service.

Monish Bhalla, 2020-05-24 2006 to 2017 for 11 long years the Author wrote a weekly column in the leading English daily DNA. Service Tax Simplified. Every week a recent burning issue, a new current problem and the challenge for finding a solution. A solution which had to be simple in lucid layman language. Many of his professional colleagues asked him why he gives a free solution in public. What he achieves in giving free advice. And His response A SMILE. Because that's what he gives to his readers when they find their solutions, a smile on their tense faces. If his articles have brought back the smiles on the reader's faces if his articles have assisted them to resolve their service tax issues with the department without spending a penny, if many articles have enriched the knowledge of his learned friends, chartered accountants, consultants, tax professionals and his friends working with the service tax department, then my efforts have been awarded. He has learned that Life is a journey, a journey with no destination. It is this voyage one needs to learn to enjoy. As you read this compilation of over 450 articles, you will experience the evolution of service tax as if a small caterpillar has metamorphosed into a butterfly.

Tharun Raj, The CA profession is a dizzy road with thorns for an ultimate bliss in life. The student has to undergo intensive coaching and learn many new concepts which are of divergent nature, say it be accounts, audit, tax, costing, law etc and particularly students at Final level feel it difficult to absorb as they have to undergo practical training and attend classes. On my interaction with many students at Final level I came to know that they are very much in need of a simple indirect tax book covering all topics which helps them to revise and re-Wise the subject from time to time during their idle time in travelling, waiting at ITO office etc. As a faculty it is a herculean task for me to make things simple to the point and at the same time ensuring that the essence of law in indirect tax is not missed. It took me a considerable amount of time and I sincerely thank the almighty and my family for enabling me to put enough efforts required to bring this novel concept into your hands. However, the detailed information may not be available in this book but I ensured that the crux required for appearing exams is covered. It is always advisable to read the main text and base this book as a revision exercise.
