Mathers,2024-05-29 Even though they are the largest sexual minority group in the United States the lives joys and struggles of bi people as well as the social structure of monosexism are regularly overlooked in social scientific research and broader conversations about sexuality and gender Mapping the Monosexual Imaginary interrupts this pattern of erasure by providing readers with a sociological examination of sexualities in society that places bi people and monosexism at the center of analysis Through exploring bi peoples experiences navigating identity community and politics Lain Mathers argues that to understand and challenge gender and sexual inequalities we must first recognize and interrogate the structure of monosexism At a time when attacks on LGBTQ people are increasing this book offers an incisive examination of how an often overlooked group within the LGBTQ community makes sense of their place in the world and what we can learn from attending to the specific issues that bi people face in society Seeing Cities Change Jerome Krase,2016-04-01 Cities have always been dynamic social environments for visual and otherwise symbolic competition between the groups who live and work within them In contemporary urban areas all sorts of diversity are simultaneously increased and concentrated chief amongst them in recent years being the ethnic and racial transformation produced by migration and the gentrification of once socially marginal areas of the city Seeing Cities Change demonstrates the utility of a visual approach and the study of ordinary streetscapes to document and analyze how the built environment reflects the changing cultural and class identities of neighborhood residents Discussing the manner in which these changes relate to issues of local and national identities and multiculturalism it presents studies of various cities on both sides of the Atlantic to show how global forces and the competition between urban residents in contested terrains is changing the faces of cities around the globe Blending together a variety of sources from scholarly and mass media this engaging volume focuses on the

importance of seeing and in its consideration of questions of migration ethnicity diversity community identity class and culture will appeal to sociologists anthropologists and geographers with interests in visual methods and urban spaces
