Customer Relationship Management (CRM) for Medium and Small Enterprises Antonio Specchia,2022-04-07 Customer Relationship Management CRM systems are a growing topic among small and medium sized enterprises entrepreneurs and solopreneurs and it is completely clear that CRM is a tool that businesses should have in place to manage sales processes Teams of salespeople must have a system to run their daily activities and small businesses and solopreneurs must track their marketing effort a functioning structure for maintaining their contacts with prospects and clients to improve the effectiveness of their sales effort CRM once only available to large corporations is now powerful technology for small and medium businesses Small and medium businesses are now able to implement CRM solutions under a more cost effective balance as an alternative to traditional tools like Salesforce Dynamics or Oracle The reason for the success is mainly the simplicity of the new tools and solutions that have been developed for the management of sales processes This book discusses how to implement a CRM from the perspective of the businessperson not the more typical IT consultant or the technical staff It benefits business development sales management and sales process control Small business owners must understand why and how implementing a CRM will create value for their business how it will focus on business development sales management and how sales leads develop into happy customers Small business owners must first understand what a CRM system is how it works what its main functions are and how it serves to manage workflows in the company s sales department Generally entrepreneurs struggle to find the time to read and study complex and fully comprehensive books This book provides direct operational guidelines to those who need easy to read information about how to use CRM effectively Business professionals must be able to set up CRM systems and avoid mistakes and wasting time This book provides an overview of what can be done with CRM and how it happens to empower businesspeople to find new customers and win business opportunities This book discusses the logic of CRM in sales giving tips and explanations on why and what happens when CRM is implemented in a specific way Essentially this book gives the entrepreneur the know how behind CRM in sales in general terms supporting enhanced customer relationships

The Oxford Handbook of Strategic Sales and Sales Management David W. Cravens,Kenneth Le Meunier-FitzHugh,Nigel F. Piercy,2012-11-22 The Oxford Handbook of Strategic Sales and Sales Management is an unrivalled overview by leading academics in the field of sales and marketing management Sales theory is experiencing a renaissance driven by a number of factors including building

profitable relationships creating delivering brand value strategic customer management sales and marketing relationships global selling and the change from transactional to customer relationship marketing Escalating sales and selling costs require organisations to be more focused on results and highlight the shifting of resources from marketing to sales Further the growth in customer power now requires a strategic sales response and not just a tactical one The positioning of sales within the organisation the sales function and sales management are all discussed The Handbook is not a general sales management text about managing a sales force but will fill a gap in the existing literature through consolidating the current academic research in the sales area The Handbook is structured around four key topics The first section explores the strategic positioning of the sales function within the modern organisation The second considers sales management and recent developments The third section examines the sales relationship with the customer and highlights how sales is responding to the modern environment Finally the fourth section reviews the internal composition of sales within the organisation The Handbook will provide a comprehensive introduction to the latest research in sales management and is suitable for academics professionals and those taking professional qualifications in sales and marketing

Selling: The New Norm Drew Stevens, 2016-04-18 Why read another book on selling Simple Today's client is more informed more sophisticated and has more access to information Selling professionals today need to be keener to fulfill the needs of the client by offering value and most important trust In the increasing age and rage of globalization and the Internet competition rises Selling professionals today need to determine better ways to reach the economic decision maker and better articulate their value Selling The New Norm is such a book This book will provide the tools and templates required to meet today's sales challenges

Sales Management Bill Donaldson, Javier Marcos Cuevas, Régis Lemmens, 2017-09-16 This is a core textbook that provides a practical and comprehensive introduction to selling and sales management Packed full of insightful real world case studies the fourth edition of this highly successful text has been fully updated and revised throughout to provide a truly contemporary overview of the discipline This textbook offers a unique blend of academic rigour and practical focus based on the authors invaluable combination of industry experience expertise in sales consultancy and years of teaching and research in sales Accessibly divided into three parts Strategy Process and Practice it presents a wide range of topics such as ethical issues in sales key account management international sales recruitment and compensation and rewards Sales Management is the definitive text for undergraduate postgraduate and MBA students of selling and sales management New to this Edition New chapters on Defining and Implementing Sales Strategies and Key Account Management New case studies vignettes questions for reflection and statistics added throughout the text An increased emphasis on the practical approaches to professional selling Insightful interviews with sales professionals sharing their experience and insights at the end of some chapters

Sales Management Gerbrand Rustenburg, Arnold Steenbeek, 2019-11-27 This international textbook focuses on the strategic and operational aspects of sales management With new material on coaching and motivating sales

teams sales skills and leadership are developed in this unique product Sales Management teaches students how to gradually draw up a comprehensive sales plan a process of analysing learning asking brainstorming writing removing and reformulating This comprehensive text provides core reading for students of sales and sales management globally **Sales Management** , Sales Management R K Srivastava, Ernest Cyril De Run, Kim Shyan Fam, 2003 The survival and of many products and companies depend upon the marketing strategies adopted by them In the rapidly changing scenario of markets when even propaganda and advertisements are unable to do the magic it is the dedicated marketing professionals who compel the customer to purchase their goods and services In today s business strategies production of goods and services are not the end and means of everything Neither financial or personnel management nor inventory or time management are important today It is Sales Management which has the last laugh over every other aspect of the business Many a time it has been seen hat a better quality product or service has given place to an inferior quality product or service only due to superb marketing management This book is a path breaking effort and opens up a new dimension in the field of sales management which is suitable to the present day needs and requirements It takes into consideration the different academic aspects of Marketing and Sales Management for undergraduate and postgraduate students This book would be of great help to managerial practitioners at any organizational level who are responsible for a function department or a set of responsibilities

Selling and Sales Management David Jobber, Geoffrey Lancaster, Kenneth Le Meunier-FitzHugh, 2019 This new edition comes fully updated with new case studies using working businesses to connect sales theory to the practical implications of selling in a modern environment It also contains the results from cutting edge research that differentiates it from most of its competitors The book continues to place emphasis on global aspects of selling and sales management Topics covered include technological applications of selling and sales management ethics of selling and sales management systems selling and a comprehensive coverage of key account management *Integrated Product and Sales Management in B2B* Claus Tintelnot, 2023-12-27 This book describes the advantages of a high level of integration between product and sales management It explains how highly integrated product and sales management can be achieved Claus Tintelnot depicts the classic organizational models and provides examples of how these can be supplemented fundamentally adapted and supported by digitalization Best and worst practice examples indicate where classic management fails and show how integrated management can do better Managers can only act as role models for an integrated team if they share the same attitude to leadership and pursue a common strategy Business goals that need to be achieved can only be shared by integrated product and sales management and one avoids employees being worn down by the hurdles caused by inter departmental boundaries The book is aimed at practitioners in the fields of corporate management strategy product management sales and interested readers from other areas of the supply chain Without an adequate supply chain and fitting communication to the customers B2B businesses cannot be successful and profitable Students of business administration

economics industrial engineering business engineering computer science for IT OT and other engineering disciplines will have a worthwhile read as well
