(407) 921-6941

Dear Scholarship Committee,

My name is Denise Chiu, and I am a current undergraduate student at the University of California-Berkeley, pursuing a Bachelor of Arts in Computer Science with a double major in Conservation and Resource Studies. I came across your Elevate Women in Technology Scholarship on careeronestop.org and knew it would be the perfect opportunity to advance my goal of using technology to improve local conservation efforts.

During my two years at UC Berkeley, I have maintained a GPA above 3.75 and excelled in all of my classes. I'm also the president of the Berkeley Green Tech Club, where students brainstorm and collaborate, finding innovative ways to use technology to drive environmental awareness and action in the community.

I have been developing two apps toward this end, the first of which is complete:

- *Green Team SF* allows users to create, view, share, and schedule various environmental events in the area like beach clean-ups or bike-to-work days. The goal is to inspire community awareness, engagement, and action, resulting in a cleaner, greener city.
- *Trash to Treasure* (still in development) is inspired by thrift stores and gives users a platform to buy, sell, trade, or give away items they no longer need, with local chapters. The goal is to create a more sustainable and circular economy.

Receiving your scholarship would allow me to put more time, effort, and resources into creating tangible tools for the community, contributing to a healthier city and planet.

I would be honored to speak with you further about the opportunities that lie at the intersection of technology and sustainability, and all the projects I hope to tackle in the future. Thank you so much for your time and consideration.

Sincerely,

Denise Chiu

Student-Athlete's College Recruitment Guide Ashley B. Benjamin, 2009 The Student Athlete's College Recruitment Guide explores this behind the scenes information giving students and their families an insightful look at the world of college athletics This in depth resource examines the many aspects of the college athletic recruitment process including what to look for when choosing a program to best fit a student's abilities and needs both athletically and academically Expert interviews with top coaches reveal what they believe student athletes need to make it in this ultracompetitive realm and how to avoid the common pitfalls that can hinder a student athlete's performance This new book is a valuable tool for high school students navigating the recruiting process Chapters include Why Play Considering a University Getting Seen Scholarship Negotiation Unsafe Practices Gender Issues Racial Issues

Introduction to Discourse Studies Jan Renkema, 2004-08-23 Introduction to Discourse Studies follows on Jan Renkema's successful Discourse Studies An Introductory Textbook 1993 published in four languages This new book deals with even more key concepts in discourse studies and approaches major issues in this field from the Anglo American and European as well as the Australian traditions It provides a scientific toolkit for future courses on discourse studies and serves as a stepping stone to the independent study of professional literature Introduction to Discourse Studies is the result of more than twenty five years of experience gained in doing research and teaching students professionals and academics at various universities The book is organized in fifteen comprehensive chapters each subdivided in modular sections that can be studied separately It includes 400 references from the most cited contemporary publications to influential classic works 500 index entries covering frequently used concepts in the field more than 100 thought provoking questions all elaborately answered which are ideal for teacher supported self education nearly 100 assignments that provide ample material for teachers to focus on specific topics of their own preference in their lectures Jan Renkema is a member of the Department of Communication and Information Sciences at Tilburg University The Netherlands He is also editor of Discourse of Course 2009 and author of The Texture of Discourse 2009 In 2009 a Chinese edition of Introduction to Discourse Studies was published by Shanghai Foreign Language Education Press

Language Learning and Teaching as Social Inter-action Z. Hua, P. Seedhouse, V. Cook, L. Wei, 2007-07-31 This volume brings together contributions by leading researchers of the social interactional and socio cultural approaches to language learning and teaching It provides both an introduction to this important growth point and also an overview of cutting edge

research covering a wide range of language learning and teaching contexts [The New Nurse Educator](#) Deborah Dolan Hunt, 2013 Print CourseSmart

An Introduction to Womanist Biblical Interpretation Nyasha Junior, 2015-01-01 An Introduction to Womanist Biblical Interpretation provides a much needed introduction to womanist approaches to biblical interpretation. It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts. While womanist biblical interpretation is relatively new in the development of academic biblical studies, African American women are not newcomers to biblical interpretation. Written in an accessible style, this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism. It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future. Although some African American women identify themselves as womanists, the term's usage, its features, and its connection to feminism remain widely misunderstood. This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation.

Twenty-One Genres and How to Write Them Brock Dethier, 2013-04-15 In this classroom-tested approach to writing, Brock Dethier teaches readers how to analyze and write twenty-one genres that students are likely to encounter in college and beyond. This practical, student-friendly, task-oriented text confidently guides writers through step-by-step processes, reducing the anxiety commonly associated with writing tasks. In the first section, Dethier efficiently presents each genre, providing models, a description of the genre's purpose, context, and discourse, and suggestions for writing activities or moves that writers can use to get words on the page and accomplish their writing tasks. The second section explains these moves over two hundred of them in chapters ranging from Solve Your Process Problems and Discover to Revise and Present. Applicable to any writing task or genre, these moves help students overcome writing blocks and develop a piece of writing from the first glimmers of an idea to its presentation. This approach to managing the complexity and challenge of writing in college strives to be useful, flexible, eclectic, and brief—a valuable resource for students learning to negotiate unfamiliar writing situations.

[How to Prepare for Interviews and Develop your Career](#) Carol Forde-Johnston, 2020-04-02 How to Prepare for Interviews and Develop Your Career is packed with practical advice and guidance to help nurses and midwives fulfil their career aspirations. The book is ideal for newly and recently qualified nurses and midwives and will also be suitable for students making the transition to NQN. Guidance, key tips, and case examples are organised in seven steps that help provide the key to positive career development: Identify your career options, Drive your own career development, Support others and influence change, Complete a strong application and personal statement, Prepare for interviews by creating an interview plan, Deal positively with challenges, Make your achievements stand out. Carol Forde-Johnston is Recruitment and Retention Lead in a large NHS Trust and has more than 30 years' experience as a Registered Nurse and University Lecturer/Practitioner. She has drawn on all that experience to write an accessible and practical book.

that address the questions and concerns frequently raised by students and healthcare professionals and to help you develop your career as a nurse or midwife

An Introduction to the New Testament DAVID A DESILVA,2020-05-21 Professor deSilva's outstanding textbook sets a new standard for the genre. The usual topics of New Testament introduction are integrated with instruction in interpretative strategies and application to ministry formation. The attractive layout includes numerous maps, photographs and text boxes.

From Student to Professor Carol A. Mullen,2012-08-06 *From Student to Professor* is the doorway through which readers experience graduate school life from both sides of the lectern. This guide not only discusses how students may adjust and succeed in graduate school, it also prepares them to enter a career in academia. Providing a broad perspective on the professoriate, Mullen offers readers a visual map of the entire graduate school experience, navigational prompts, case studies, anecdotes, glossaries, and updated resources in order to best understand vital issues that affect graduate students and professors learning productively within groups, developing effective marketing and networking strategies, creating successful student-centered programs, and establishing digital learning relationships in the academy.

Educational and Psychological Research Mildred Patten,2016-09-13 This edition of our popular reader is entirely updated with timely articles that deal with broad issues in education and psychology. For a research reader with emphasis on classroom issues, see *A Cross Section of Educational Research*. This collection shows students the many inherent weaknesses of empirical methods as well as models of excellence. Unlike research readers that contain made-up articles, this one has both face validity and content validity. Your students will appreciate reading real articles with real results. The 34 research articles illustrate qualitative research, combined qualitative/quantitative research, content analysis, correlational research, test validity and reliability research, causal/comparative research, true experimental research, quasi-experimental research, pre-experimental research, program evaluation, meta-analysis. The lines are numbered sequentially, making it easy to refer to specific parts of each article during classroom discussions. This single source of research articles is convenient for you and your students. Easy to coordinate with any research methods text, this reader is an ideal way to make research methods come alive. Field-tested for student interest and comprehension. All major methods of research are illustrated with real research articles drawn from a wide variety of journals. See Table of Contents. Your students will become familiar with a wide variety of writing and organizational styles that real researchers use. Despite their variety, all articles in this book are highly comprehensible. Factual Questions at the end of each article encourage students to read for mythological points they might otherwise overlook. Questions for Discussion encourage students to address broad issues of research design. An instructor's answer key will be shipped with your examination copy. The interesting research topics will make your students look forward to doing their research reading homework.

Ancient Letters and the New Testament Hans-Josef Klauck, Daniel P. Bailey,2006 This volume places the New Testament letters squarely in the middle of all the important letter corpora of antiquity. Chapters cover the basic letter formula, papyrus and postal delivery, non-literary and diplomatic
