Faster, Better, Cheaper in the History of Manufacturing Christoph Roser, 2016-10-04 The industrial revolution mechanization water and steam power computers and automation have given an enormous boost to manufacturing productivity Faster Better Cheaper in the History of Manufacturing shows how the ability to make products faster better and cheaper has evolved from the stone age to modern times It explains how different developments over time have raised efficiency and allowed the production of more and better products with less effort and materials and hence faster better and cheaper In addition it describes the stories of inventors entrepreneurs and industrialists and looks at the intersection between technology society machines materials management and most of all humans Faster Better Cheaper in the History of Manufacturing follows this development throughout the ages This book covers not only the technical aspects mechanization power sources new materials interchangeable parts electricity automation but organizational innovations division of labor Fordism Taylorism Lean Most of all it is a story of the people that invented manufactured and marketed the products The book shows how different developments over time raised efficiency and allowed production of more with less effort and materials which brought us a large part of the wealth and prosperity we enjoy today The stories of real inventors and industrialists are told which includes not only their successes but also their problems and failures The effect of good or bad management on manufacturing is a recurring theme in many chapters as is the fight for intellectual property through thrilling tales of espionage This is a story of successes and failures It is not only about technology but also about social aspects Ultimately it is not a book about machines but about people

Automotive FDI in Emerging Europe A. J. Jacobs, 2017-06-19 This book examines the dramatic increase in automotive assembly plants in the former Socialist Central European CE nations of Czechia East Germany Hungary Poland and Slovakia from 1989 onwards Enticed by relatively lower wage labour and significant government incentives the world's largest automakers have launched more than 20 passenger car assembly complexes in CE nations with production accelerating dramatically since 2001 As a result the annual passenger car production in Western Europe declined by more than 20% between 2001 and 2015 and alternatively in the CEE it increased by nearly 170% during this period Drawing on case studies of 25 current and former

foreign run assembly plants the author presents a rare historical account of automotive foreign assembly plants in the CE following this dramatic geographic shift This book will expand the knowledge of policy makers in Europe in relation to their pursuits of FDI and will be of great interest to scholars and students of business economic history political science and development *Dog Days In The Fortunate Islands* John Searancke,2014-04-28 *Dog Days In The Fortunate Islands* is an ideal read for those contemplating retirement moving to the Canary Islands or an extended trip through Spain The book will also appeal to any dog lovers and holidaymakers who enjoy an interesting story **Ukraine Export-Import ,Trade & Business Directory Volume 1 Strategic Information and Contacts** IBP, Inc,2012-09-10 2011 Updated Reprint Updated Annually Ukraine Export Import Trade and Business Directory V10 vixen's Practical Car's Joanna Barker, *Mastering the Travel Intermediaries* Ben Vinod,2024-06-25 This book chronicles the role of travel intermediaries global distribution systems GDS travel management companies TMC and online travel agencies OTA in the distribution of travel products The book covers the historical development of these intermediaries and explores their current state and future prospects Almost six decades after the introduction of computerized reservations systems and four decades after the introduction of Global Distribution Systems that allowed travel agents to make automated airline bookings the distribution of air products is amid a major transition A fundamental change is pricing power which shifts from the GDSs to the airlines for the indirect channel These changes are driven by advancements in technology market economics and airline cost controls leading to the emergence of new revenue models that will permanently alter the landscape of air distribution As a result travel intermediaries are experiencing the effects of these turbulent times and must adopt innovative approaches and initiatives to adapt and transform their business models rather than maintaining the status quo In addition to the ongoing transformation over the next decade the advancements in emerging technologies like blockchain and decentralized digital identity will further revolutionize the distribution landscape across all sectors of the travel industry *The Purchasing Chessboard* Christian Schuh,Joseph L. Raudabaugh,Robert Kromoser,Michael F. Strohmer,Alenka Triplat,James Pearce,2017-04-11 The bestselling Purchasing Chessboard concept used by hundreds of corporations worldwide to reduce costs and increase value with suppliers is the topic of this successful professional book now published in its third edition The 64 squares on the Purchasing Chessboard provide a wealth of methods that can be applied either individually or in combination And because many of these methods are not customarily used by procurement the Purchasing Chessboard is also the perfect tool for helping procurement professionals to think and act outside the box and find new solutions A well tested concept that works across all industries and all categories in any given situation it is little wonder that business leaders and procurement professionals alike are excited by and enjoy strategizing around the Purchasing Chessboard It encourages greater rigor and creativity and the building of world class capabilities The explosive growth in analytics and the rise in the number of specialists in procurement practice have taken the application of the Purchasing Chessboard to new levels This third edition

of the book includes a rich assortment of case examples to reflect the lessons learned across geographies and industries. Some of the chapters have also been updated to accurately reflect these trends.

Cemeterians Jack W. Plunkett, 2008

The Official Railway Guide, 1895 *Humour Translation in the Age of Multimedia* Margherita Dore, 2020-11-02 This volume seeks to investigate how humour translation has developed since the beginning of the 21st century focusing in particular on new ways of communication. The authors drawn from a range of countries cultures and academic traditions address and debate how today's globalised communication media and new technologies are influencing and shaping the translation of humour. Examining both how humour translation exploits new means of communication and how the processes of humour translation may be challenged and enhanced by technologies the chapters cover theoretical foundations and implications and methodological practices and challenges. They include a description of current research or practice and comments on possible future developments. The contributions interconnect around the issue of humour creation and translation in the 21st century which can truly be labelled as the age of multimedia. Accessible and engaging this is essential reading for advanced students and researchers in Translation Studies and Humour Studies.
