Democracy Vouchers and the Promise of Fairer Elections in Seattle Jennifer A. Heerwig, Brian J. McCabe, 2024-09-03
Draws lessons from Seattle's experience with its Democracy Voucher Program an innovative public campaign financing system designed to change how local elections are funded Land Use Planning Ballot Initiatives in the Pacific Northwest, 2010 Sustaining farm and forest land has been an important goal in the United States because of the role these lands play in the livelihoods of rural residents while also providing desired open space benefits However land use policies to protect rural lands often involve a tension between balancing public interests regarding economic and open space goals with the private interests and property rights of farm and forest land owners This tension is especially prevalent when policies involve the regulation of private land such as through land use planning In the Pacific Northwest where statewide planning has been enacted in both Oregon and Washington that tension is manifested in periodic voting on ballot initiatives and referenda seeking to either strengthen or weaken existing planning policies The voting outcomes of these initiatives and referenda provide insights into how and why voters value farm and forest lands and how voters feel about the degree to which private landowners should contribute to their protection In this report we present two studies of voting patterns from ballot measures in Oregon and Washington intended to modify land use planning regulations in those states The studies portray the complex nature of voters perceptions and preferences of the advantages and disadvantages of regulating land use The picture that emerges may help policymakers government officials and organizations interested in land use policies reconcile the seemingly contradictory nature of voter behavior in land use planning ballot initiatives *Campaign Finance Reform* Christopher Luna, 2001 Contributors explore the role of money in political campaigns Corporate influence soft money fund raising PACs the role of the FCC and First Amendment considerations are among the topics addressed 2003 Ballot Issues Guide League of Women Voters of Seattle, Jeannie Hale, Nancy Eitreim, Nora Leech, 2003* Mejor Del Diseño Society for News Design, 1994 The Best of News Design 33rd Edition the latest edition in Rockport's highly respected series presents the winning entries from the Society for News Design's 2012 competition Bold full color layouts feature the best of the best in news features portfolios visuals and more and each entry is accompanied by insightful commentary on the elements that made the piece a standout winner Every industry professional aspires to one day see his or her work in this book The Missionary Herald, 1924 Vols for 1828 1934 contain the Proceedings at large of the American Board of Commissioners for Foreign Missions **The United States Government Manual, 1996-1997** Bernan Press, 1996-10 As the official handbook of the Federal Government this manual provides comprehensive information on quasi official agencies international organizations in which the US participates and boards commissions and committees **The United States Government Manual**, 1990 United States Government Organization Manual, 1995 **The United States Government manual 1989/90**, 1973 Describes the major departments and agencies of the federal government and lists their officials **2004**
