Subjective Morals Steve F. Sapontzis,2012-02-15 Is morality a good thing Is moral relativism a bad thing Traditionally moral philosophers have presumed that the answers to both questions must be yes In today's world however many moralists feel obligated to ban gay marriage or censor whatever they deem offensive and others feel morality commands them to bomb abortion clinics and fly planes into buildings Unfortunately it has become all too common for such true believers to use moral values to justify their often destructive behavior Today's moral zealotry leaves the value of morality questionable and makes traditional moral philosophy feel pale and irrelevant Subjective Morals breaks with tradition to provide a careful analysis of moral values and the goods and evils they produce This work explores the subjective and objective bases of moral values and details the kinds of truth and justification of which they are and are not capable After analyzing the concepts and categories that structure our moral practice Sapontzis concludes with recommendations for how we may enjoy the benefits of moral values while minimizing their evils

The Left Case for Brexit Richard Tuck,2020-04-09 Liberal left orthodoxy holds that Brexit is a disastrous coup orchestrated by the hard right and fuelled by xenophobia which will break up the Union and turn what s left of Britain into a neoliberal dystopia Richard Tuck s ongoing commentary on the Brexit crisis demolishes this narrative He argues that by opposing Brexit and throwing its lot in with a liberal constitutional order tailor made for the interests of global capitalists the Left has made a major error It has tied itself into a framework designed to frustrate its own radical policies Brexit therefore actually represents a golden opportunity for socialists to implement the kind of economic agenda they have long since advocated Sadly however many of them have lost faith in the kind of popular revolution that the majoritarian British constitution is peculiarly well placed to deliver and have succumbed instead to defeatism and the cultural politics of virtue signalling Another approach is however still possible Combining brilliant contemporary political insights with a profound grasp of the ironies of modern history this book is essential for anyone who wants a clear sighted assessment of the momentous underlying issues brought to the surface by Brexit
