William H. Shannon
SEEDS OF PEACE
Contemplation and Non-Violence

William Shannon offers hope and answers to all of us who want peace in our personal lives, our relationships, and the world in which we live. He calls us to new and exciting experiences that far surpass the kind of life that is possible at the level of just the superficial. He shows us how a contemplative life, which enables us to experience our oneness with God and in God with one another, inevitably leads to a lifestyle of non-violence and unconditional love. These ideas are the seeds of a peaceful life. It is William Shannon's gift that he can help us to achieve it.

William H. Shannon, a priest of the diocese of Rochester, is internationally recognized as an outstanding writer of spiritual books for people of all faiths.

Seeds of Peace William Henry Shannon,1996 William Shannon offers hope and answers to all of us who want peace in our personal lives our relationships and the world in which we live *Gandhi's Truths in an Age of Fundamentalism and Nationalism* Sathianathan Clarke,Stephen Pickard,2022-03-08 The twenty first century has seen violence thunder back onto the stage of history Religious political social cultural and economic constituents and interests thus contribute to the local and global manifestations of violence in our interconnected and contracting global world Firmly embedded within the field of religion the authors of this volume concede that religious motifs and impulses are alive and well in this unfolding of bloodshed It is no wonder then that in our volatile historical age religious fundamentalism and illiberal nationalism have emerged as dominant contemporary movements Against this backdrop the contributors to this edited book look back in order to move forward by reflecting upon the truth force Satyagraha that grounded and guided Mohandas Karamchand Gandhi 1869 1948 On the heels of several commemorations in 2019 of the 150th anniversary of Gandhi s birth we reexamine the truths of his philosophy and nonviolent strategy to resist religious and political fundamentalisms Embracing truth was for Gandhi the only way to achieve complete freedom poorna Swaraj The goal of freedom which Gandhi conceptualized as profoundly personal expansively communitarian and organically ecological emanates from a firm grasp of truth **Alive in God** Timothy Radcliffe,2019-10-03 How can Christianity touch the imagination of our contemporaries when ever fewer people in the West identify as religious Timothy Radcliffe argues we must show how everything we believe is an invitation to live fully God says I put before you life and death choose life Anyone who understands the beauty and messiness of human life novelists poets filmmakers and so on can be our allies whether they believe or not The challenge is not today s secularism but its banality We accompany the disciples as they struggle to understand this strange man who heals casts out demons and offers endless forgiveness In the face of death he teaches them what it means to be alive in God Then he embraces all that afflicts and crushes humanity Finally Radcliffe explores what it means for us to be alive spiritually physically sacramentally justly and prayerfully The result is a compelling new understanding of the words of Jesus I came that they may have life and have it abundantly Peace Education from the Grassroots Ian Harris,2013-09-01 Historians often ignore the day to day struggles of ordinary people to improve their lives They tend to focus on the accomplishments of illustrious leaders Peace Education from the Grassroots tells the stories of concerned citizens teachers and grassroots peace activists who have struggled to counteract high levels of violence by teaching about the sources for violence and strategies for peace The stories told here come from the grass roots meaning the educators are close to the forms of violence they are addressing This collection of essays tells how citizens at the grassroots level developed peace education initiatives in thirteen different nations Belgium Canada El Salvador Germany India Jamaica Japan Mexico the Philippines South Korea Spain Uganda and the United States A fourteenth article describes the efforts of the International Red Cross to implement a human rights

Living Nonviolently Gabriel Moran, 2011-03-31 Are human beings naturally violent Is war the fate of the human race Despite the depressing record of the past the world's future depends upon avoiding war and drastically reducing violence *Living Nonviolently* Language for Resisting Violence examines carefully the language of violence and war One of the first casualties of violence is language which in turn makes resistance to violence difficult to articulate In the first four chapters Gabriel Moran proposes distinctions for the interconnected ideas of force power aggressiveness violence and war not to invent a new and logical language but to ground the meaning of these terms in our human experience That revitalization of ordinary language depends upon an inclusive language of men and women adults and children human and nonhuman animals The fifth chapter locates the potential for both encouraging violence and resisting violence in the peculiar logic of religion Jesus Sermon on the Mount is commonly invoked by people who say that nonviolence may be an admirable ideal for a few people but it is irrelevant for most people and for all nations in this chapter Moran examines the widely misunderstood sermon in detail to illustrate its potential for resisting violence For a conclusion he discusses practical means of education that are helpful to reaching some understanding of violence and resistance to violence *Living Nonviolently* is written for scholars in peace studies political philosophy or religious studies and for anyone who wishes to understand the roots of violence and war

A Question of Being Karin Holsinger Sherman, 2007-07-20 James Douglass's writings have been recognized as among the most challenging and inspiring explorations of nonviolence and Christian discipleship in the last century Throughout his career Douglass has argued forcefully for the integration of contemplation and resistance theology and cultural critique spirituality and prophetic involvement His work has inspired many of the key figures in recent debates regarding just war Christian nonviolence and radical discipleship and continues to be highly relevant in our contemporary situation In *A Question of Being* the first book length treatment published on Douglass's writings Karin Holsinger Sherman provides an introduction to and engagement with this important body of work through an exploration into its contextual history influences and main themes Moreover the author argues that these themes work together to create an ontology of nonviolence an ontology that integrates the forces of resistance and contemplation so important to Douglass The book begins by examining Douglass's biography and three broad historical trajectories that give context to his thought the fusion of Christianity and American nationalism in the early Cold War period the emergence of cultural critique in the late fifties and early sixties and the Catholic pacifist tradition and the post 1972 period of disillusionment Holsinger Sherman then considers the lives and thought of Dorothy Day Mahatma Gandhi and Thomas Merton as well as their unique intellectual and exemplary influence on Douglass's ideas After explicating the themes of the cross and the kingdom as they developed chronologically in Douglass's writing career this book draws together Douglass's thought to reveal an ontology of nonviolence In her conclusion Holsinger Sherman argues that this ontology of nonviolence is the key to understanding Douglass's integral theology of contemplation and resistance
