1. TO SET THE DATE—First, pull the crown all the way as if to set the time. Then turn the crown to the right. Now only the date and seconds are indicated and the other indications are extinguished. The dates are changed successively when the crown is turned to the left. When the desired date appears, return the crown to the center position. Leave the crown out . . .

2. TO SET THE DAY OF THE WEEK—By next turning the crown to the right, only the day of the week and the seconds are indicated and the other indications are extinguished. The day of the week is indicated in the square frame. The day of the week is changed successively when the crown is turned to the left. When the desired day appears, return the crown to the center position. Leave the crown out . . .

3. TO SET THE HOUR DIGITS—By next turning the crown to the right again, only the hour and the seconds are indicated and the other indications are extinguished. The hour is changed successively when the crown is turned to the left. When the desired time appears, return the crown to the center position.

NOTE: When setting the hours, A.M. and P.M. indications are also changed automatically. Please be sure that the time setting is made with A.M. or P.M. appropriately displayed. (See the diagram for: A.M. and P.M. indicator.)

The day and date digits display can be set separately from the hour setting function and the day and date digits are not changed even if 12 P.M. is passed while setting the hours. Leave the crown out . . .
