Self-Evaluation Paper

Giving four speeches in class and afterward observing them like an audience member has been a helpful and interesting experience. Messages that I felt would be delivered successfully ended up falling flat, while others that I worried over turned out positively at times. This has benefited me by allowing an assessment of the planning and preparation stages along with the execution and result. Entering the class, I felt that I was already a rather strong public speaker. Now I know more clearly the many areas on which a person can focus when honing this skill. I am also aware which of these areas I must improve upon to become a more effective public speaker.

I have had a number of opportunities in the past to get in front of people and speak. Usually it was related to work and involved the demonstration of a procedure or educating people on a subject. While this class did not introduce anything immediately unfamiliar to me (such as getting in front of a group and doing something worthwhile with everyone's time), the *objectivity* of speechmaking was very much a new idea for me. Along with this came learning many of the tools a speaker must employ when crafting a message that is to be received by an audience of *individuals*—also a new idea. In the past, I always felt confident in my ability to deliver a speech or give a demonstration effectively, but now I realize that I did not generally concern myself with the many speechmaking tools that have been brought up in this class. Knowing one's

Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching Hodges, Tracey

S.,2022-05-27 Writing is a critical component for teaching children about advocacy and empowering student voice as well as an essential tool for learning in many disciplines Yet writing instruction in schools often focuses on traditional methods such as the composition of five paragraph essays or the adherence to proper grammatical conventions While these are two components of writing instruction and preparation in education they only provide a small glimpse into the depth and breadth of writing As such writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers The Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives methods and approaches for equitable and effective writing instruction It includes practices beyond K 12 including best writing practices at the college level as well as the development of future teachers Providing unique coverage on culturally relevant writing socio and racio linguistic justice and urgent writing pedagogies this major reference work is an indispensable resource for administrators and educators of both K 12 and higher education pre service teachers teacher educators libraries government officials researchers and academicians *Improving Writing and Thinking Through Assessment* Teresa L.

Flateby,2010-06-01 *Improving Writing and Thinking through Assessment* is designed to help individual faculty and administrators select assessment approaches and measures to maximize their students writing and thinking The book offers useful guidance through presentation of recommended assessment guidelines and measurement principles in Part 1 and applications from a variety of contributors in Part 2 It addresses a wide range of audiences including instructors who want to assess and thus foster writing and thinking in their courses administrators and instructors planning to assess writing and thinking at the program or institutional level and graduate students interested in improving students writing and critical thinking This book is more guide than a cookbook By providing comprehensive standards and criteria that help individuals or teams develop plans and measures to improve writing and thinking the book should be helpful for academic and Student Affairs administrators and faculty as the principles apply equally to all engaged in assessment Contributors representing a wide range of educators illustrate many of the approaches and methods described in the theoretical section of the book using a variety of assessment strategies at both classroom and program levels Readers will see how different types of institutions both private and public as well as undergraduate and graduate have designed assessment strategies and plans to gauge and enhance writing and thinking growth in the classroom and across programs They candidly describe challenges encountered and solutions they adopted or suggest These chapters reflect approaches and perspectives from various discourse communities including writing program administrators composition faculty assessment professionals and individual faculty representing several disciplines The author argues the urgent need to develop strong writers and thinkers She discusses

challenges and obstacles but underscores the necessity for more faculty involvement and institutional commitment This book will help institutions and individual faculty design and implement sound meaningful assessment strategies to foster effective writing and thinking that will both advance the goals of the institutional mission and meet faculty s disciplinary objectives and scholarly concerns **Writing from the Inside Out** Christopher C.
