Reading for the Moral Maria Franca

Sibau,2018-04-01 Reassesses didacticism in seventeenth century Chinese vernacular fiction and challenges the view that the late Ming was a notoriously immoral time Reading for the Moral offers an innovative reassessment of the nature of moral representation and exemplarity in Chinese vernacular fiction Maria Franca Sibau focuses on two little studied story collections published at the end of the Ming dynasty Exemplary Words for the World Xingshi yan 1632 and Bell in the Still Night Qingye zhong c 1645 Far from being tediously moralistic tales these stories of loyal ministers filial children chaste

widows and selfless friends provide a deeper understanding of the five cardinal relationships central to Confucian ethics They explore the inherent tension between what we might call textbook morality on the one hand and untidy everyday life on the other The stories often take a critical view of mechanical notions of retribution countering it with the logic of virtue as its own reward Conflict between passion and duty is typically resolved in favor of duty a duty redefined with a palpable sense of urgency In constructing vernacular representations of moral exemplars from the recent historical past rather than from remote or fictitious antiquity the story compilers show how these virtues are not abstract or monolithic norms but play out within the contingencies of time and space Reading for the Moral is an entertaining and insightful exploration of how seriously moralistic writers really were in a time that became notorious for its supposed immorality Sibau s encyclopedic knowledge of both original texts and relevant secondary literature make this an excellent source of inspiration for further research This book is an outstanding accomplishment Robert E Hegel author of Reading Illustrated Fiction in Late Imperial China The Works of Jonathan Edwards Jonathan Edwards,1835 **The Evangelical Parallel New Testament** John R. Kohlenberger (III),2003 The Evangelical Parallel New Testament features the New Testaments of eight translations that are used by various segments within the American evangelical community today It includes the recently published English Standard Version Holman Christian Standard Version The Message the New Living Translation and Today s New International Version The EPNT shows the translation philosophies and word choices made by diverse groups of evangelical scholars in the last three decades of the Twentieth Century *Hodder & Stoughton's sixpenny novels. Ages of American Capitalism Jonathan Levy,2022-04-05 A leading economic historian traces the evolution of American

capitalism from the colonial era to the present and argues that we've reached a turning point that will define the era ahead. A monumental achievement sure to become a classic. Zachary D. Carter, author of *The Price of Peace*. In this ambitious single volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself. *The Age of Commerce* spans the colonial era through the outbreak of the Civil War, and *The Age of Capital* traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has morphed through the country's history and it's likely changing again, right now. A stunning accomplishment, an indispensable guide to understanding American history and what's happening in today's economy. *Christian Science Monitor*. The best one-volume history of American capitalism. Sven Beckert, author of *Empire of Cotton*. **The Collected Letters of C.S. Lewis, Volume 3**. C. S. Lewis, 2004. The letters found in Volume II reveal inside accounts of how *The Screwtape Letters* came to be written, the early meetings of the Inklings with J. R. R. Tolkien, giving readings about hobbits and Middle Earth, how C. S. Lewis became popular through BBC radio talks, but mostly how this quiet professor in England touched the lives of many through an amazing discipline of personal correspondence. The Parker Society ... for the Publication of the Works of the Fathers and Early Writers of the Reformed English Church. [Publications] Parker Society (Great Britain), 1844. Some vols include the Society's Annual reports. *The Parker Society, Instituted M. DCCC. XL. A.D., for the Publication of the Works of the Fathers and Early Writers of the Reformed English Church: Works of Myles Coverdale, bp of Exeter*, 1844. Church work. Guild of St. Alban, 1872. **The Sacred Books of the East: The Dhammapadam, Sutta-Nipata**, 1901.
