Foltz, 2020-02-26 Automated scoring engines require a careful balancing of the contributions of technology NLP psychometrics artificial intelligence and the learning sciences The present handbook is evidence that the theories methodologies and underlying technology that surround automated scoring have reached maturity and that there is a growing acceptance of these technologies among experts and the public From the Foreword by Alina von Davier ACTNext Senior Vice President Handbook of Automated Scoring Theory into Practice provides a scientifically grounded overview of the key research efforts required to move automated scoring systems into operational practice It examines the field of automated scoring from the viewpoint of related scientific fields serving as its foundation the latest developments of computational methodologies utilized in automated scoring and several large scale real world applications of automated scoring for complex learning and assessment systems The book is organized into three parts that cover 1 theoretical foundations 2 operational methodologies and 3 practical illustrations each with a commentary In addition the handbook includes an introduction and synthesis chapter as well as a cross chapter glossary *Reframing Finance* Ashby Monk, Rajiv Sharma, Duncan L. Sinclair, 2017-08-08 Since the 2008 financial crisis beneficiary organizations like pension funds sovereign wealth funds endowments and foundations have been seeking ways to mitigate the risk of their investments and make better financial decisions For them Reframing Finance offers a path forward This book argues that institutional investors would better serve their long term goals by putting money into large scale future facing projects such as infrastructure green energy innovation in agriculture and real estate development At the same time redirecting long term investments would close significant financial gaps that government cannot Drawing on key contributions in economic sociology social network theory and economics the book conceptualizes a collaborative model of investment that is already becoming increasingly common Large investors contribute more directly to private market assets while financial intermediaries seek to foster co investment partnerships better aligning incentives for all A combination of rich case studies and rigorous theory enables asset owners to move toward more efficient private market investing while also laying groundwork for research at the frontier of finance **Computer Supported Education** Susan Zvacek, Maria Teresa Restivo, James Uhomoibhi, Markus Helfert, 2016-02-10 This book constitutes the refereed proceedings of the 7th International Conference on Computer Supported Education CSEDU 2015 held in Lisbon Portugal in May 2015 The 34 revised full papers presented together with an invited talk were carefully reviewed and selected from 196 submissions The papers address topics such as information technologies supporting learning learning teaching methodologies and assessment social context and learning environments domain applications and case studies and ubiquitous learning Youth and Inequality in Education Michael Heathfield, Dana Fusco, 2015-07-30 The transition to adulthood for many is mediated by class culture and local global influences on identity This volume analyzes the global injustices that create inequities and restrict future

opportunities for young people during this transitional time including poverty unemployment human rights race ethnicity and location It critically examines global instances of youth discrimination offering positive strategies and practices such as youth work that successfully remediate these injustices With international contributions from Aotearoa New Zealand Australia England Malaysia Peru Philippines Portugal Morocco Jordan and the U S this volume is particularly important to researchers and scholars in the fields of youth studies education and social work **The Laws of Globalization and Business**

Applications Pankaj Ghemawat,2017 This book explains not only why the world isn't flat but also the patterns that govern cross border interactions **The Transformation of Citizenship, Volume 1** Juergen Mackert,Bryan Turner,2017-03-16

The Transformation of Citizenship addresses the basic question of how we can make sense of citizenship in the twenty first century These volumes make a strong plea for a reorientation of the sociology of citizenship and address serious threats of an ongoing erosion of citizenship rights Arguing from different scientific perspectives rather than offering new conceptions of citizenship as supposedly more adequate models of rights membership and belonging they deal with both the ways citizenship is transformed and the ways it operates in the face of fundamentally transformed conditions This volume Political Economy discusses manifold consequences of a decades long enforcement of neo liberalism for the rights of citizens As neo liberalism not only means a new form of economic system it has to be conceived of as an entirely new form of global regional and national governance that radically transforms economic political and social relations in society Its consequences for citizenship as a social institution are no less than dramatic Against the background of both manifest and ideological processes the book looks at if citizenship has lost the basis it has rested upon for decades or if the institution itself is in a process of being fundamentally transformed and restructured thereby changing its meaning and the significance of citizens rights This book will appeal to academics working in the field of political theory political sociology and European studies

Gandhi,Barbara Harriss-White,Douglas E. Haynes,Sebastian Schwecke,2020-10 Using historical and ethnographic analyses this book shows how Indian markets are embedded in society and politically contested *Modernity, Metatheory, and the*

Temporal-Spatial Divide Michael Krimm, 2015-03-27 This book is about how modernity affects our perceptions of time and space Its main argument is that geographical space is used to control temporal progress by channeling it to benefit particular political economic and social interests or by halting it altogether By incorporating the ancient Greek myth of the Titanomachy as a conceptual metaphor to explore the elemental ideas of time and space the author argues that hegemonic interests have developed spatial hierarchy into a comprehensive system of technocratic monoculture which interrupts temporal development in order to maintain exclusive power and authority This spatial stasis is reinforced through the control of historical narratives and geographical settings While increasingly comprehensive the author argues that this state of affairs can best be challenged by focusing on the development of unmappable places which presently exist within the socio spatial matrix of the modern world

Class, Capital, State, and Late Development

Gönenç Uysal, 2024-02-19 In *Class Capital State and Late Development The Political Economy of Military Interventions in Turkey* G nen Uysal discusses state military society relations in Turkey from the late Ottoman era to today by exploring state class capital relations under the dynamics of uneven development Uysal approaches Turkey as a late developing social formation characterised by unevenness and dependency arising from the contradictions of capitalist relations of production and integration with the world capitalist system By drawing upon historical materialism Marxism Uysal offers a critical radical understanding of re organisation of the state and military interventions in politics in peripheries of global capitalism

A Cultural

History of Law in the Modern Age Richard K. Sherwin, Danielle Celermajer, 2021-03-11 The period since the First World War has been a century distinguished by the loss of any unitary foundation for truth ethics and the legitimate authority of law With the emergence of radical pluralism law has become the site of extraordinary creativity and on occasion a source of rights for those historically excluded from its protection *A Cultural History of Law in the Modern Age* tells stories of human struggles in the face of state authority including Aboriginal land claims popular resistance to corporate power and the inter generational ramifications of genocidal state violence The essays address how and with what effects different expressive modes ceremonial dance live street theater the acoustics of radio the affective range of film to name a few help to construct memorialize and disseminate political and legal meaning Drawing upon a wealth of visual textual and sound sources *A Cultural History of Law in the Modern Age* presents essays that examine key cultural case studies of the period on the themes of justice constitution codes agreements arguments property and possession wrongs and the legal profession

The

Digital Banal Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media Yet in their ubiquity digital media have become increasingly banal making it harder for us to register their novelty or the scope of the social changes they have wrought What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate

and depict banal use of everyday technologies How do we encounter our own media use in scenes of waiting for e mail watching eBay bids programming as work and worrying about numbers of social media likes friends and followers Zara Dinnen analyzes a range of prominent contemporary novels films and artworks to contend that we live in the condition of the digital banal not noticing the affective and political novelty of our relationship to digital media Authors like Jennifer Egan Dave Eggers Sheila Heti Jonathan Lethem Gary Shteyngart Colson Whitehead Mark Amerika Ellen Ullman and Danica Novgorodoff and films such as The Social Network and Catfish critique and reveal the ways in which digital labor isolates the individual how the work of programming has become an operation of power and the continuation of the Californian ideology which has folded the radical into the rote and the imaginary into the mundane The works of these writers and artists Dinnen argues also offer ways of resisting the more troubling aspects of the effects of new technologies as well as timely methods for seeing the digital banal as a politics of suppression Bridging the gap between literary studies and media studies The Digital Banal recovers the shrouded disturbances that can help us recognize and antagonize our media environment **Higher**

Education, State and Society Lili Yang,2022-09-08 In this monograph Lili Yang compares core ideas about the state society and higher education in two major world traditions She explores the broad cultural and philosophical ideas underlying the public good of higher education in the two traditions reveals their different social imaginaries and works through five areas where higher education intersects with the individual society the state and the world intersections understood in contrasting ways in each tradition The five key themes are individual student development in higher education equity in higher education academic freedom and university autonomy the resources and outcomes of higher education and cross border higher education activities and higher education s global outcomes In exploring the similarities Yang highlights important meeting points between the two world views with the potential to contribute to the mutual understanding and cooperation across cultures Brazil's Revolution in Commerce James P. Woodard,2020-03-03 James P Woodard s history of consumer

capitalism in Brazil today the world s fifth most populous country is at once magisterial intimate and penetrating enough to serve as a history of modern Brazil itself It tells how a new economic outlook took hold over the course of the twentieth century a time when the United States became Brazil s most important trading partner and the tastemaker of its better heeled citizens In a cultural entangling with the United States Brazilians saw Chevrolets and Fords replace horse drawn carriages railroads lose to a mania for cheap automobile roads and the fabric of everyday existence rewoven as commerce reached into the deepest spheres of family life The United States loomed large in this economic transformation but American consumer culture was not merely imposed on Brazilians By the seventies many elements once thought of as American had slipped their exotic traces and become Brazilian and this process illuminates how the culture of consumer capitalism became a more genuinely transnational and globalized phenomenon This commercial and cultural turn is the great untold story of Brazil s twentieth century and one key to its twenty first **Work, Sleep, Repeat** Felix Stein,2020-07-12 Work Sleep

Repeat is a fascinating account of the work regime of German management consultants Examining one of the most sought after and secretive graduate professions the book provides a first hand account of the boardroom culture of Europe s strongest economy Analyzing how knowledge and power operate in this sector Felix Stein explores a number of paradoxes For example while it is the job of management consultants to analyse the activities of other employees they actually spend most of their time in luxurious seclusion away from them In addition despite having a strong sense of the importance of their work consultants often find it difficult to explain to outsiders what it is they do The book addresses these and other paradoxes by arguing that consultants are engaged in abstract labour Anthropologists have long struggled with the question of how to describe contemporary work regimes which do not produce anything tangible Stein demonstrates that elite work is predominantly abstract in the fourfold sense that it is epistemically removed from the object of analysis emotionally detached from it several steps away from the assumed sources of economic value creation and increasingly hard to grasp In doing so he offers new ways to think about white collar work and elites in the 21st century and establishes the notion of abstract labour as a key category in social anthropology

Handbook of Research on Ethics, Entrepreneurship, and Governance in Higher Education Nair, Suja R.,Saiz-Álvarez, José Manuel,2018-09-14 Ethics entrepreneurship and governance are very essential and crucial for the sustainable development of institutions of higher education especially in the face of moral ambiguity or ethical lapses that could occur As such it is vital to explore how to facilitate the effective and efficient development of higher education institutions to put into practice ethical behaviors and entrepreneurial values for the progressive future of society The Handbook of Research on Ethics Entrepreneurship and Governance in Higher Education is a pivotal reference source that provides vital research on the application of ethics entrepreneurship and governance in higher education institutions Featuring coverage topics such academic misconduct ethical leadership and student values this publication is ideally designed for educational administrators professors academicians researchers and graduate level students seeking current research on the impact of globalization on the ethics and governance in higher education through various policy decisions and practices

Banking on Equality Supriti Bezbaruah,2015-03-24 It may well be surprising to say that the world should look to India as a model of gender equality India s banking sector proves the exception with several women reaching the highest positions in India s top banks including the country s largest bank Based on interviews and surveys of bank employees in India s National Capital Region this book looks at what lies behind the media rhetoric and provides a systematic analysis of patterns of and responses to gender inequality in the banking sector in India The book uncovers how gender discrimination still persists in the banking sector albeit in covert forms Through a comparison of nationalized Indian private and foreign banks the book demonstrates how the impact of laws local cultural norms and gendered workplace practices are mediated through different organizational forms in these different types of banks to create varied experiences of gender inequality The book is one of the first books to provide a thorough in depth analysis of women s

employment in the Indian banking sector currently an under researched area Popular Radicalism and the Unemployed in Chicago during the Great Depression Chris Wright, 2022-06-14 In a time when mass joblessness and precarious employment are becoming issues of national concern it is useful to reconsider the experiences of the unemployed in an earlier period of economic hardship the Great Depression Focusing on the bellwether city of Chicago this book reevaluates those struggles revealing the kernel of political radicalism and class resistance in practices that are usually thought of as apolitical and un ideological From communal sharing to eviction riots from Unemployed Councils to the nationwide movement behind the remarkable Workers Unemployment Insurance Bill millions of people fought to end the reign of capitalist values and usher in a new more socialistic society Today their legacy is their resilience their resourcefulness and their proof that the unemployed can organize themselves to renew the struggle for a more just world
