Dillon looks at Jarman and other directors working in a similar vein to establish how lyric films are composed through the use of visual imagery and actual poetry He then traces Jarman s use of imagery notably mirrors and the sea in his films and discusses in detail the relationship between cinematic representations and sexual identity This insightful reading of Jarman s work helps us better understand how films such as *The Last of England* and *The Garden* can be said to cohere and mean without being reduced to clear messages Above all Dillon s book reveals how truly beautiful and brilliant Jarman s movies are
