

Poverty

How much do you know about it?

Over 80% of the world lives in poverty. Isn't this devastating?

There are many meanings to the word "poverty." Many of us relate it to the thought of homeless people living on streets or to people living in harsh conditions without money or food. We all have our own opinions, but what really is poverty? Is it what the majority of us think of? Or is it just simply the state of being poor?

The word "poverty" has many meanings and definitions. Many believe that this word can mean "not having an education" or "living in the state of hunger" or "abuse" or living without shelter, or even just being "lonely." Some of the reasons for someone to be living in the state of poverty could link to "war" "hunger" or even because "parents or members of family have passed away." Statistics clearly prove that "one out of 100 people have had to leave their homes due to war" isn't this appalling?

Poverty can be seen, and also not seen. For example, in some parts of the world you can clearly see people suffering in poverty, some people may be homeless, some might even be suffering from illness that can not be cured due to lack of money. However, some types of poverty can not be seen. For example, pensioners like Mrs. Panigrahi have to make a decision between buying enough to eat to being warm in the winter. This is because some pensioners have a low pension and can't enjoy luxuries like us. How would you feel if you had to make a decision between warmth and food?

What can you do to Help?
