Federal Communications Commission, 2014 Federal Trade Commission Decisions United States. Federal Trade Commission, 1983 **Our Daily Meds** Melody Petersen, 2025-06-25 In the last thirty years the big pharmaceutical companies have transformed themselves into marketing machines selling dangerous medicines as if they were Coca Cola or Cadillacs They pitch drugs with video games and soft cuddly toys for children promote them in churches and subways at NASCAR races and state fairs They ve become experts at promoting fear of disease just so they can sell us hope No question drugs can save lives But the relentless marketing that has enriched corporate executives and sent stock prices soaring has come with a dark side Prescription pills taken as directed by physicians are estimated to kill one American every five minutes And that figure doesn t reflect the damage done as the overmedicated take to the roads Our Daily Meds connects the dots for the first time to show how corporate salesmanship has triumphed over science inside the biggest pharmaceutical companies and in turn how this promotion driven industry has taken over the practice of medicine and is changing American life It is an ageless story of the battle between good and evil with potentially life changing consequences for everyone not just the 65 percent of Americans who unscrew a prescription cap every day An industry with the promise to help so many is now leaving a legacy of needless harm **Franchise Opportunities Handbook** , 1994 This is a directory of companies that grant franchises with detailed information for each
