

GRANT PROPOSAL SAMPLE

PROJECT DESCRIPTION

A community-based mothers and infants center called "Healthy Moms for Healthy Kids" (Pusat Ibu dan Anak Sehat or PIAS) will be established in Kota Emessu, the city surrounding the Universitas Pembangunan Pertanian (UNPEMPER). PIAS will focus on providing nutritional education and counseling for mothers, especially those from the extremely low income areas. It is expected that through the providing of information to the mothers that it will be possible to have a direct and positive effect on the well being of the young children of the community.

PIAS will utilize volunteers who are students at UNPEMPER. Each student will be expected to successfully participate in a 4 week training program at the beginning of their work with PIAS. This training program will provide basic nutritional information for mothers and information on adult teaching methods. Student volunteers who demonstrate proficiency during the initial training program will be invited to participate in an advanced training program to learn effective nutritional counseling techniques. Each student volunteer will be expected to contribute 3-5 hours each week and to continue with PIAS for a period of not less than 6 months.

PIAS will operate with 6 full and part time staff members. In addition, a Governing Board made up of community leaders and university staff will operate to provide overall sanctioning of the Center's operation. Periodic evaluations will be conducted to assess the value of PIAS on a) helping the student volunteers to become effective educators, b) the development of new understandings on the part of local mothers and c) the improvement of the well being of children in Kota Emessu.

BACKGROUND INFORMATION/STATEMENT OF PROBLEM

Major obstacles to child survival in the developing world include infections, parasitic diseases, malnutrition and the risks associated with low birth weight and high fertility. (UN Informational Letter #37-435) A serious problem exists in the rural villages of Malnesia of children dying from common illness and infections that are attributable to poor nutrition. Though high nutrition foods are available in the villages, it is apparent that mothers do not have an understanding of exactly what foods contain the most value for their children. (Ministry of Health, 1994) The most significant person in the life of the young child is the child's mother. Research has shown that the children of
