A Guide to Teaching Practice Louis Cohen, Lawrence Manion, Keith Morrison, Dominic Wyse, 2010-06-17 A Guide to Teaching Practice is the major standard text for all students on initial teacher training courses in the UK. Authoritative yet accessible, it covers the important basic skills and issues that students need to consider during their practice, such as planning, classroom organization, behaviour management, and assessment. The book's focus on the quality of teaching and learning, and consideration of the latest regulations and guidelines, ensures that it fits comfortably within TTA and OfSTED frameworks. In addition, comprehensively revised and fully updated, this fifth edition features brand new chapters on the foundation stage, legal issues, learning and teaching, and using ICT in the classroom, as well as new material on numeracy, literacy, children's rights, progress files, and gifted and talented children. This book is the most respected and widely used textbook for initial teacher training courses and will be an essential resource for any student teacher.

The Teaching Guide for English for Dispute Resolution Barrie J Roberts, 2025-09-02 The Teaching Guide for English for Dispute Resolution shows ESL/ESP instructors how to use the textbook to teach negotiation, mediation, professional level communication, and the field of Alternative Dispute Resolution (ADR). Designed to support instructors who may not have formal background or training in these topics, the book provides separate guidance for ESP and ESL instructors. It shows ESP instructors how to use the textbook in their current Legal English or Business English courses, or in stand-alone negotiation or mediation courses. It advises ESL instructors on how to use these topics as a theme for multi-skill courses or as an engaging new way to develop students' cross-cultural communication, problem-solving, critical thinking, teamwork, leadership, and other soft skills in their current courses. The textbook and guide are based on over twenty years of classroom experience with high-intermediate to advanced ESL and ESP students from undergrads to LL.M. students and on teacher training workshops offered at places such as UC Berkeley, TESOL, and CATESOL. Each chapter of the textbook provides a ready-made lesson plan with a sample dispute, warm-up questions, background readings, follow-up questions, activities, and reflections. The Teaching Guide supplements each chapter with support in the form of teaching tips, lesson plans, additional activities, or role plays, assessment suggestions, and resources for further exploration. Separate guidance for ESL and Legal English/Business English instructors that helps them select the material and activities best suited to their students' interests and needs. Resources such as sample syllabi and activities with step-by-step instructions that make it easy to start teaching the textbook. An online companion site where instructors can download and send activities and role plays directly to their students.
