Child Study
Introduction

The Child Study data I have gathered comes from the observation I have completed at Mission Bell Elementary School. Mission Bell Elementary School is a local school in Riverside. In the P.M preschool class there are 24 students, one teacher, and one assistant. The child I decided to observe is names Zoe. Zoe is 4 years and 10 months old. When Zoe plays with her play dough she pretend that she is making pizza. She begins by taking a handful of play dough and placing it on the table, she then get a small rolling pin to roll the play dough out flat. Once the play dough is rolled out completely flat she uses little Lego's to represent the pepperoni that tops most pizzas. Next she takes the finished pizza and puts it on the side of the table and
