Paralympian My Autobiography:

Paralympian Stephen Miller, 2008 Stephen Miller is one of Britain's most successful athletes. His inspirational autobiography tells of his struggles and triumphs and is told with refreshing honesty and infectious humour. **Female Olympian and Paralympian Events** Linda K. Fuller, 2018-10-04 Female Olympian and Paralympian Events is a groundbreaking book that examines women's sports in the Olympic and Paralympic Games which have long been underappreciated and under-analyzed. The book begins with a brief background on women's participation in the Olympic Games and their role relative to the International Olympic Committee then introduces the underlying Gendered Critical Discourse Analysis theory used throughout the book's analysis before delving into a literature review of female Olympians and Paralympians' events. It includes a listing of noteworthy firsts in the field followed by individual discussions of twenty-eight Summer and seven Winter events analyzed according to their historical rhetorical and popular cultural representations. Women's unique roles in the various events are discussed; particular athletes and Paralympic events are highlighted and original tables are also included. At the end of each section, affiliated organizations and resources are included in this invaluable referential volume.

Maggie Alphonsi: Winning the Fight Maggie Alphonsi, Gavin Mairs, 2023-08-31 Shortlisted for the Sports Book Awards Autobiography of the Year Maggie Alphonsi is not only a national sporting icon, the face of international women's rugby and star player of the England side that won the World Cup in 2014. She is also an inspirational and totemic figure who transcends sport. The compelling story of her life makes her achievements even more extraordinary. Hers is an against-all-the-odds tale becoming the best player in the world despite having to battle against racism, sexism and prejudice. It is a book forged from the raw emotion, passion and testimony of an iconic player who rose to the elite of world sport when the world was seemingly stacked against her. It is a moving and revealing story of a woman who was not prepared to be defined by anyone but herself and gives the reader a unique insight into how she met her goals. Maggie has changed the way the game is played forever. **The Sunday Times** **Paralympics and Disability Sport** Brett Smith, 2016-04-08 Academic research on the Paralympics and disability sport is growing. University courses governing bodies and sporting organisations are also witnessing a rise of interest in disabled sport. This book is therefore timely and of importance. Written by leading scholars, it addresses a variety of topics in relation to the Paralympics and disability sport. These include the sociology of Paralympic sport, sport coaching at recreational and elite level, sport history and exercise, rehabilitation, exercise participation and future directions for disability sport research. Throughout the book, disability sport is both celebrated and critically examined. Critical questions are raised and practical suggestions offered about being a Paralympian, coaching athletes with a disability and exercise as a form of rehabilitation. Empirical evidence is drawn from different people and various sports. These range from autoethnographic stories from a former Paralympian to interviews with disability sport administrators to observations of and interviews with coaches of athletes in the sports of adapted water skiing, para swimming and wheelchair basketball.

rugby and tennis The book will be of interest to sociologists of sport sport coaches sport and exercise psychologists disability scholars qualitative researchers and disability sporting organisations This book was published as a special issue of Qualitative Research in Sport Exercise and Health
