Parkin Microeconomics 9th Edition:

The Microeconomics Anti-Textbook Rod Hill, Tony Myatt, 2021-12-02 Mainstream textbooks present economics as an objective science free from value judgements The Microeconomics Anti Textbook demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this fully updated and expanded edition of their celebrated book Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear and concise way before presenting an anti text analysis and critique Challenging the assumptions arguments and models Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students

The Microeconomic Mode Jane K. Elliott, 2018-06-26 From The Road to Game of Thrones across works as seemingly different as Gone Girl and Saw literature film and television have become obsessed with the intersection of survival and choice When the trapped rock climber hero of 127 Hours is confronted with self amputation or death it is only a particularly blunt example of an omnipresent set up In real life settings or fantastical games protagonists find themselves confronting extreme scenarios with life or death consequences forced to make torturous either or choices in stripped down brutally stark environments Jane Elliott identifies and analyzes this new and distinctive aesthetic phenomenon which she calls the microeconomic mode Through close readings of its narratives tropes and concepts she traces the implicit theoretical and political claims conveyed by this combination of abstraction and extremity In the microeconomic mode humans isolated from any forms of social organization operate within a mini economy of costs and benefits gains and losses measured in the currency of life Elliott reads the key concepts that emerge from this aesthetic life interest sovereign capture and binary life in relation to biopolitics and natural law theory becoming and the control society and primitive accumulation in racial capitalism The microeconomic mode interrogates the destruction of the liberal political subject but what it leaves in its place is as disturbing as it is radically new Going beyond the question of neoliberalism in literature The Microeconomic Mode combines revelatory close readings of key literary and popular texts with significant theoretical interventions to identify how an aesthetics of choice has reshaped our contemporary understanding of what it means to be human

The Routledge Handbook of the Translation Industry
Callum Walker, Joseph Lambert, 2025-07-31 The Routledge Handbook of the Translation Industry provides an accessible and comprehensive overview of current and emerging practices, workflows, and processes in the translation industry, the professional and socio-economic contexts in which industry actors operate, and best practices in translation industry teaching and research in this rapidly developing field. Comprising 33 chapters from scholarly and industry voices, this handbook addresses the many issues arising from growing technologisation, new trends in translation procurement and production, and increasing pressures on the range of actors in the translation industry. The content spans both bottom-up and top-down perspectives, using a variety of theoretical, praxiological, and data-driven approaches. In addition to providing coverage of a range of well-established professional profiles, workflows, and resources, this handbook adopts a novel approach in addressing emerging topics such as global sustainable development and wellbeing, economics, the platform economy, and social media and the influencer economy. The opening mapping chapter and final roundtable chapter provide fitting conceptual and forward-looking bookends for the content. This handbook offers a topical and much-needed forum to engage with the challenges and opportunities facing the translation industry and constitutes an essential point of reference for students and researchers of translation, as well as industry practitioners and professionals. Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-NonCommercial-NoDerivatives CC BY-NC-ND 4.0 license.
