Gloria Pitzer's Cookbook - the Best of the Recipe Detective Gloria Pitzer,2018-01-15 FAMOUS FOODS FROM FAMOUS PLACES have intrigued good cooks for a long time even before fast foods of the 1950 s were a curiosity When cookbooks offer us a sampling of good foods they seldom devote themselves to the dishes of famous restaurants There is speculation among the critics as to the virtues of re creating at home the foods that you can buy eating out such as the fast food fares of the popular franchise restaurants To each his own Who would want to imitate fast food at home I found that over a million people who saw me demonstrate replicating some famous fast food products on The Phil Donahue Show July 7 1981 DID and their letters poured in at a rate of over 15 000 a day for months on end And while I have investigated the recipes dishes and cooking techniques of fine dining rooms around the world I received more requests from people who wanted to know how to make things like McDonald s Special Sauce or General Foods Shake N Bake coating mix or White Castle s hamburgers than I received for those things like Club 21 s Coq Au Vin **Wait, That's Vegan?!** Lisa Dawn

A to Z Word Potpourri Dick Pellek, 2019-02-01 The Chronicles of a Footloose Forester were compiled over a number of years one story at a time Events observations encounters and episodes were the ingredients in the mix that got filed into his memory banks and extracted years later but only after it was decided to make them into his memoirs Afghanistan to Zambia Chronicles of a Footloose Forester published in 2010 was the first distillation of those memories and was based on an alphabetical recounting of places he had been In the beginning there was no intention of putting his chronicles into a book the alphabetical listing of countries he had visited was at the time in the early 1960s only a device to properly respond to inquiries about his travels pursuant to

obtaining and updating a yearly security clearance At one time or another the FBI the Army Security Agency the Department of Agriculture and the Department of State all wanted his biographical information which included the places and the addresses where he had lived since 1931 Obviously that meant every place since he was born Thus it was easier to compile a logical listing and to keep that list in his records for easier updating The countries of Afghanistan and Zambia eventually worked their way into the list thus his first book Afghanistan to Zambia Chronicles of a Footloose Forester was chosen as the title of his first book of memoirs The process is ongoing Since the travel history to other counties swelled to 106 countries and territories of the United States the A to Z listing was also a way to compartmentalize some of his fond memories of people places and events As a forester who worked in domestic and international locales the A to Z listing had other applications for a footloose forester who had a lifelong interest in forest trees and tropical fruits Accordingly the second book of chronicles had a title that reminded him that the very common red maple tree *Acer rubrum* could be seen daily from Maine to Florida and everywhere in between in the states he had visited forty nine of fifty during his career A suitable title for the second book thus began to emerge An A to Z theme led to bookend tree species names that were also a part of his reveries It was gratifying to settle on a subtropical fruit tree commonly known as the jujube and with the botanical name *Zyzyphus jujuba* Two jujube trees are growing and thriving right next to his house in Virginia Thus another A to Z listing became the receptacle that included personal anecdotes about a potpourri of things in other countries and in the natural world in general The eventual name of his second book of memoirs emphasized his forestry interests except that the stories that he wanted to share did not dwell solely on trees or on peoples places animals or events Dreams and viewpoints about abstract subjects that he wanted to share were also summoned sorted out and organized into volume 1 Essays Dreams that was published in 2015 And the personal blogs regarding tangible physical sometimes hair raising real time episodes in reality were written into volume 2 Stories Adventures that was published in early 2016 Of the 340 blogs that still reside in computer archives there are perhaps a hundred or so that have not yet been selected for inclusion in another book This book and its title A to Z Word Potpourri Chronicles of a Footloose Forester is the final product The next job is to make another list and decide which stories essays dreams and adventures might become a suitable fifth book of memoirs that does not require chronology background history logical train of thought or other *raison d'être*
