The Lost Recipe - Secret Dishes of Mediterranean Diet Giuseppe Felitti, 2018-06-13 This book was born with the intent of preserving part of the traditional recipes belonging to the Mediterranean diet linked to Southern Italy an undoubtedly popular cuisine a nutritional model that has demonstrated to the world its beneficial effects on health and longevity Particularly we will focus on the geographical area of Cilento near the border between Campania and Basilicata regions a fairy and unspoilt landscape characterized by small villages lurking in the hills often surrounded by forests secular trees mountains streams and rivers This is Lucania the ancient land of Lucani The origins of the name remain mysterious today according to some historical studies it seems that the meaning can be derived from the combination of Latin words *Lucus* Holy Woods and *Lux* Light The Lost Recipes are now finally rediscovered and made available to everyone in this book with the hope that you too can become Guardians of Tradition over time

Civil War Recipes Lily May Spaulding, John Spaulding, 2014-04-23 Godey's Lady's Book perhaps the most popular magazine for women in nineteenth century America had a national circulation of 150 000 during the 1860s The recipes spelled receipts it published were often submitted by women from both the North and the South and they reveal the wide variety of regional cooking that characterized American culture There is a remarkable diversity in the recipes thanks to the largely rural readership of Godey's Lady's Book and to the immigrant influence on the country in the 1860s Fish and game were readily available in rural America and the number of seafood recipes testifies to the abundance of the coastal waters and rivers The country cook was a frugal cook particularly during wartime so there are a great many recipes for leftovers and seasonal produce In addition to a wide sampling of recipes that can be used today Civil War Recipes includes information on Union and Confederate army rations cooking on both homefronts and substitutions used during the war by southern cooks
