Timeline R. Craig Bridgforth,2021-03-10 It is becoming increasingly popular among the intelligentsia to claim that treasured Bible history is nothing more than a myth Proponents conclude that since the church is unsure of when these events transpired perhaps they never happened in the first place Unfortunately this alarming trend appears to be gaining more acceptance in our seminaries and churches The True Bible Timeline seeks to dispel such notions by providing an accurate resource to properly date the Old Testament The result of a five year long project it accurately establishes and painstakingly documents the dates of key Bible figures and events starting with the Creation of Adam and ending at the Cross of Christ The complete chronology for 200 Bible events is included in the appendix Guided by His Wisdom author R Craig Bridgforth built

this timeline through a meticulous process that allowed him to produce a trustworthy and accurate resource that will enrich studies of the Old Testament with new understanding and insight Developed almost entirely from Scripture this reference guide provides a reliable chronology of events and figures from the Old Testament **The Rise of the Antichrist** Lowell B. Hudson, 2018-11-13 Does the idea of Biblical Prophecy seem well laughingly absurd galactically improbable Good It s supposed to seem that way In fact for Biblical prophecy to work properly its readers have to be highly skeptical Biblical prophecy requires even promotes uber skepticism at times to evoke the intended response in its readers The credibility of its message that its words were authored by God gains increased potency as the highly improbable happens again and again When the absurdly improbable actually occurs over and over in documented historically verifiable situations our fundamental assumptions are challenged We are confronted with the possibility that on a truly foundational level everything we thought we knew may really be wrong or radically incomplete That s what Biblical prophecy is about on a macro level That s its big idea Biblical prophecies also seek to warn about particularly important slices of future history Not because that future can be changed but so it can be met with integrity and intact faith This book is obviously focused on those Biblical prophecies involving the Antichrist s rise to power By using careful time honored traditional methods of Biblical investigation we ll have a serious and sober look at what the Scriptures really say about this future world ruler There are also some new discoveries that many would find surprising even shocking Now that s a lot to swallow all at once That the future is knowable on some level and that it s going to be so horrible Why would anyone want to believe this could happen Deep down I don t want to believe it It s so much easier to reject it than to allow it to threaten your whole frame of reference That tug of war that vague unease that s supposed to happen too It s Biblical prophecy doing its thing It takes a lot of guts to consider ideas that have the power to explode your comfortable world view If you decide to read this book remember it s ok to be skeptical It s absolutely required for a healthy mind But resist the awful temptation to reject out of hand Aside from being an addictive and lazy habit it just may deprive you someday of knowing that wonderful excruciating panic of having your mind blown open
