Rescripting Shakespeare Alan C. Dessen, 2002-06-20 Building on almost 300 productions from the last 25 years this 2002 book focuses on the playtexts used when directors stage Shakespeare's plays the words spoken the scenes omitted or transposed and the many other adjustments that must be made Directors rescript to streamline the playscript and save running time to eliminate obscurity conserve on personnel and occasionally cancel out passages that might not fit their concept They rewrite when they make more extensive changes moving closer to the role of playwrights as when the three parts of Henry VI are compressed into two plays Alan Dessen analyzes what such choices might exclude or preclude and explains the exigencies faced by actors and directors in placing before today's audiences words targeted at players playgoers and playhouses that no longer exist The results are of interest and importance as much to theatrical professionals as to theatre historians and students
