Sample Accelerated Instruction Plan:

Accelerating K-8 Math Instruction Nicki Newton, 2023 Schools have been using various approaches to address the struggles that students are having with mathematics learning that have been compounded by the pandemic. There is an overwhelming consensus by both educators and researchers that we need to adapt acceleration rather than remediation as a tool to counteract the challenges that students currently face. Acceleration is about equity which allows all our students to access an engaging standards based academically rigorous grade level curriculum. In this book educational consultant Dr. Nicki Newton shows K-8 teachers how to accelerate mathematics instruction so that all students learn and work on grade level, receive the right scaffolding when they need it, and feel a sense of achievement and success. Educators will in turn experience lower frustration and the joy of helping students thrive. Taking a deep dive into school acceleration, chapters address research, planning, assessment, pedagogy, teaching math vocabulary, lesson planning, goal setting, and motivation and action planning. Readers will learn how to use acceleration to get everybody motivated to learn and to create pathways of achievement. **Book Features:** Unpacks accelerating instruction as a way of saying everybody is invited to this party. Looks at how acceleration provides a pathway to helping academically challenged students achieve and move in step with their grade level standards. Offers detailed ways to plan, implement, and evaluate accelerated math lessons in grades K-8. Provides numerous tools, templates, and strategies so readers can use ideas right away.

Curriculum Planning and Instructional Design for Gifted Learners Joyce VanTassel-Baska, Ariel Baska, 2021-09-23 This updated third edition of Curriculum Planning and Instructional Design for Gifted Learners. *Shelter Systems Officer Reference Manual*, 1983

Acceleration for All Sharon V. Kramer, Sarah Schuhl, 2023-04-13 The need to overcome student learning gaps exists in every school. The answer is not a culture of remediation but one of acceleration. Every student deserves to learn at grade level or beyond; this is equity in action. *Acceleration for All* offers research-informed, real-world, and ready-to-implement strategies with an emphasis on core instructional practices to ensure accelerated learning schoolwide. This book will help K-12 teachers and leaders implement practical strategies for sustained accelerated student learning. Shift from a mindset of deficit thinking to strengths-based thinking related to student learning. Develop opportunity equity so all students have access to grade-level learning every day. Develop learning cycles to address instruction, assessment, and interventions or extensions as a team with a focus on every student learning grade-level standards. Learn how to establish a learning-based culture rooted in collective efficacy. Support teachers, teams, and students through collaborative leadership. Create processes and procedures for continuously improving learning.
