Techno-Nationalism Alex Capri,2024-09-23 The essential book on technology related competition between nations and its impact on the world Nations have long sought to use technology as a power multiplier for their own ambitions In the twenty first century at a time of unprecedented innovation the United States and China are in a race to achieve technological superiority But how will this affect long standing trade ties and the international landscape Techno nationalism holds that a nation s economic strength and its national security even its social stability are linked to the technological prowess of its institutions and enterprises From artificial intelligence and biotechnology to semiconductors and quantum science nations that fall behind in the technology race risk becoming permanent losers with potentially catastrophic consequences After

decades of trade liberalization and free flowing investment into China a paradigm shift amongst a bloc of like minded mostly Western countries has set in motion epic change Techno nationalism is reorganizing the global economy Alex Capri who spent decades as a trade and supply chain professional in China and throughout the world lays out the dynamics of this change and its underlying themes from the paradox facing U S China commercial linkages to the grey zones in which states and firms must now try to coexist He provides a realist s perspective of both the challenges and opportunities facing international actors Regarding the elements of techno nationalism Capri paints a masterful picture of the strategic decoupling of supply chains and the re shoring of key manufacturing ecosystems such as semiconductors He provides an illuminating account of the geopolitics of data and the fragmentation of the digital landscape as well as the bifurcation of financial markets academia and R D around Chinese and American spheres of influence These themes carry through to Capri s fascinating accounts of the modern day space race and space based Internet undersea cables hypersonic warfare the AI arms race drones and robotics The book s clear explanations of semiconductors and their importance is highly useful TECHNO Nationalism is a must read for business and government leaders investors and strategists academics journalists NGOs or anyone who wants to experience a thoroughly entertaining and educational account of one the most important issues of our time

Nelson Information's Directory of Investment Research ,2005 Universities and Entrepreneurship Paul Jones,Nikolaos Apostolopoulos,Alexandros Kakouris,Christopher Moon,Vanessa Ratten,Andreas Walmsley,2021-02-15 The aim of this book is to discuss how universities are acting in an entrepreneurial way by responding to educational and social challenges This will help to understand fruitful new areas of teaching research service and engagement that can occur in a university setting based on entrepreneurial thinking

Emerging Markets Megatrends Rajiv Biswas,2018-07-16 This book provides an assessment of the megatrends that are reshaping the emerging markets landscape With developing countries already accounting for 40% of world GDP emerging markets consumption growth will be an increasingly important growth engine for the world economy over the next two decades However emerging markets in many parts of Asia Africa the Middle East and Latin America are still facing tremendous economic challenges such as poverty inequality weak governance and inadequate infrastructure The developed nations are no longer insulated from the economic shockwaves impacting developing countries as globalisation and economic integration have also amplified the transmission effects to the West through immigration flows cross border crime and the proliferation of international terrorism Emerging Markets Megatrends is an essential read for government policymakers corporate executives international investors and analysts wishing to understand more about the economic drivers and long term outlook for emerging markets

Hysterectomy Ibrahim Alkatout,Liselotte Mettler,2017-09-14 This book initiates the descriptions of the practical performance of different hysterectomies with conventional and robotically assisted laparoscopy laparotomy and vaginal surgery Laparoscopic hysterectomy has been out as an additional technique for hysterectomies for the last couple of decades

As the necessary light augmentation and advanced skill has only been introduced into this already 200 year old surgical procedure within the last few decades by laparoscopy the editors aim to look at the laparoscopic procedures followed by the traditional techniques of hysterectomy with laparotomy and vaginal surgery Directory of Corporate Affiliations ,2003
