where grave robbers have looted the central chamber The locals shun these hills There are tales that strange fires can be seen glowing on the mounds and that on spooky nights great armed warriors arise from their resting places Then the doors to the deep are thrown open and unwary travelers have to beware of being invited into the halls of the dead and unborn Here the kings of the deep feast and celebrate time passes differently and strange treasures may be found Who knows the nights when the gates are open Who carries the primrose the wish flower the strange blossom that opens the doors to the hollow hills **CDA Journal** ,1978 Corpus Sacrum I Codex Regius,2014-09-22 No one can tell who made the spheres with twelve faces or why or what the Romans called them maybe Corpus Sacrum Maybe something else We refer to them as pentagon dodecahedra But that is a modern word and an uncouth one too A hundred are known Many have been found in France in Belgium they seem highly concentrated in southern England and at the middle course of the river Rhine There are as many assumptions on their use as there are dodecahedra None is conclusive Alas the classical authors have not mentioned or described them Or have they There is a haunting quote by a man from the second century Marcus Valerius Martialis He referred to mysterious items he called the Pilae Mattiacae the Mattiacian Spheres Sapo Si mutare paras longaevo cana capillos Accipe Mattiacas quo tibi calva pilas Soap If you want to change your highly aged hair use Pilae Mattiacae why have a bald head No one has excavated a Pila Mattiaca or found its image and it was never mentioned again The only clue we have is its name The Mattiaci were the people who lived in the Roman age at the middle Rhine right where so many spheres of twelve faces have been found So what if just if the Pilae Mattiacae and the dodecahedra were one and the same thing And once they may have attracted the attention of a stargazer who understood how to use them And he made them his tools of power The tale of the numinous spheres with twelve faces is told in this and the following parts of the Corpus Sacrum trilogy
