Notre Dame de Paris Kathy Borrus, 2019-10-29 On April 15 2019 the world looked on in horror as the Notre Dame Cathedral was nearly destroyed in a devastating fire *Notre Dame de Paris A Celebration of the Cathedral* offers a fascinating look back at nearly nine centuries of this landmark building that has stood as silent witness to some of the most important events in human history A marvel of Gothic architecture the cornerstone of Notre Dame Cathedral was laid in 1163 and construction was completed in 1345 For almost nine centuries it has served as a house of worship and refuge a stalwart soldier that has survived wars and revolutions hosted royal weddings coronations and funerals and inspired Victor Hugo s literary classic *The Hunchback of Notre Dame* With the cathedral wounded but still standing the

world now watches as the rebuilding process gets underway Notre Dame de Paris A Celebration of the Cathedral chronicles the history of this landmark building from its impressive architecture and collection of priceless artifacts to its presence during major world historical events Through gorgeous striking and sometimes rarely seen archival photographs Notre Dame de Paris A Celebration of the Cathedral reminds us all why this building has become an unofficial wonder of the world lodged in the hearts and minds of people around the globe **Notre Dame Cathedral** Dany Sandron, Andrew Tallon, 2020-03-15

Since its construction Notre Dame Cathedral has played a central role in French cultural identity In the wake of the tragic fire of 2019 questions of how to restore the fabric of this quintessential French monument are once more at the forefront This all too prescient book first published in French in 2013 takes a central place in the conversation The Gothic cathedral par excellence Notre Dame set the architectural bar in the competitive years of the third quarter of the twelfth century and dazzled the architects and aesthetes of the Enlightenment with its structural ingenuity In the nineteenth century the cathedral became the touchstone of a movement to restore medieval patrimony to its rightful place at the cultural heart of France it was transformed into a colossal laboratory in which architects Jean Baptiste Lassus and Eugène Emmanuel Viollet le Duc anatomized structures dismembered them put them back or built them anew all the while documenting their work with scientific precision Taking as their point of departure a three dimensional laser scan of the cathedral created in 2010 architectural historians Dany Sandron and the late Andrew Tallon tell the story of the construction and reconstruction of Notre Dame in visual terms With over a billion points of data the scan supplies a highly accurate spatial map of the building which is anatomized and rebuilt virtually Fourteen double page images represent the cathedral at specific points in time while the accompanying text sets out the history of the building addressing key topics such as the fundraising campaign the construction of the vaults and the liturgical function of the choir Featuring 170 full color illustrations and elegantly translated by Andrew Tallon and Lindsay Cook Notre Dame Cathedral is an enlightening history of one of the world's most treasured architectural achievements Notre-Dame de Paris Hijez Global Press, 2017-03-14

On April 15 2019 People around the world watched with horror as the roof of the Notre Dame Cathedral commonly known as Notre Dame was engulfed with flames which could be brought under control in the early morning of the following day The fire causes a very strong emotion as well in France as in the whole world as well as important media coverage Dedicated to the Virgin Mary for many centuries this cathedral is one of the largest in the West and to many Parisians the 850 year old landmark is quite simply the heart of their city its two Gothic square towers rising above surrounding buildings along the river Seine Begun under the leadership of Bishop Maurice de Sully construction spans more than two centuries 1163 in the middle of 14th century Building both religious and heritage it is linked to many episodes in the history of France As a Royal Parish Church in the Middle Ages it welcomes the arrival of the Holy Crown in 1239 and the coronation of Napoleon I in 1804 It is also under its vaults that a Magnificat is sung during the liberation of Paris in 1944 This short history chronicles the remarkable history

Notre-dame De Paris Charles River,2017-06-20 Includes pictures Includes historic descriptions of the cathedral Includes online resources and a bibliography for further reading Notre Dame de Paris in particular is a curious specimen of this variety Every surface every stone of this venerable pile is a page of the history not only of the country but of science and of art Thus to mention here only a few of the chief details whereas the small Porte Rouge almost touches the limits of fifteenth century Gothic delicacy the pillars of the nave by their massiveness and great girth reach back to the Carolingian Abbey of Saint Germain des Pr s One would imagine that six centuries lay between that door and those pillars With these words the famous 19th century novelist Victor Hugo attempted to introduce his readers to the backdrop of his seminal work later known as The Hunchback of Notre Dame This it should be noted was not the name that Hugo gave to his work instead he called it simply Notre Dame after the building in which he set it This location was no accident for perhaps more than any other city in Europe Paris has seen every kind of trouble and happiness that can befall a place It may be called the City of Lights but it also frequently saw its leaders blood spilled in the streets It is the symbol of romance but also a place where the

famed Napoleon divorced the love of his life in order to have a son It is famed for its art and culture but it hosted Nazis during four long years of occupation Most of all it is a city of building up and tearing down and building up again where life is ever changing Yet in the midst of this history of turmoil and chaos one place has survived largely unchanged a symbol to Christian believers of the unchanging truths of faith Notre Dame has stood as a monumental though silent witness to much of Paris history As Hugo pointed out This generative Mother Church is among the other ancient churches of Paris a sort of Chimera she has the head of one the limbs of another the body of a third something of all These hybrid edifices are we repeat by no means the least interesting to the artist the antiquary and the historian They let us realize to how great a degree architecture is a primitive matter in that they demonstrate that the greatest productions of architecture are not so much the work of individuals as of a community are rather the offspring of a nation s labour than the out come of individual genius the deposit of a whole people the heaped up treasure of centuries the residuum left by the successive evaporations of human society in a word a species of formations Each wave of time leaves its coating of alluvium each race deposits its layer on the monuments each individual contributes his stone to it Notre Dame de Paris The History and Legacy of France s Most Famous Cathedral chronicles the remarkable history of the Parisian cathedral Along with pictures depicting important people places and events you will learn about Notre Dame like never before
