MX & Off-Road Performance Handbook -3rd Edition Eric Gorr, **How to Build Max-Performance Buick Engines** Jefferson Bryant, 2008-06. The photos in this edition are black and white. Skylarks, GSXs, Grand Nationals, Rivas, Gran Sports: the list of formidable performance Buicks is impressive. From the torque monsters of the 1960s to the high flying Turbo models of the 80s, Buicks have a unique place in performance history. During the 1960s, when word of the mountains of torque supplied by the big inch Buicks hit the street, nobody wanted to mess with them. Later, big inch Buicks and the Hemi Chryslers went at it hammer and tongs in stock drag shootouts and in the pages of the popular muscle car magazines of the day. The wars between the Turbo Buicks and Mustang GTs in the 1980s were also legendary as both cars responded so well to modifications. *How to Build Max Performance Buick Engines* is the first performance engine book ever published on the Buick family of engines. This book covers everything from the Nailheads of the 50s and early 60s to the later evolutions of the Buick V 8 through the 60s and 70s through to the turbo V 6 models of the 70s and 80s. Veteran magazine writer and Buick owner Jefferson Bryant supplies the most up to date information on heads, blocks, cams, rotating assemblies, interchangeability and oiling system improvements and modifications along with details on the best performance options available, avenues for aftermarket support and so much more. Nineteen year old Lea Kostovic, a cynical and emotionally fragile former university student, has been abandoned by her family at the outset of a Balkan civil war during the late 1990s. Major Ed Russell is a gruff yet idealistic divorced American army officer stationed in the former Yugoslavia on a peacekeeping mission. While manning a border checkpoint, Russell learns that Lea intends to head south to find her family and must convey to the young woman that the borders will not reopen until spring. Lea realizes that as a person of Croatian descent, neither the Serbs nor the Muslims will take her in. The thought of roaming the countryside for months, freezing

starving and alone prods a wary Lea to accept Russell's offer not only to work for him as an interpreter but also to stay with him. There's just one condition to their simple bargain: Lea must trade sex for protection and survival. A complex relationship ensues and as Russell and fledgling artist Lea begin a new life in America they attempt to build a marriage from a barter that originally had nothing to do with love and respect.
